aspect However SEO is not as difficult as many make it On page SEO is mostly what we are going to be dealing with This chapter teaches how to write SEO optimized articles that can rank number one on Google Chapter nine is the final chapter It focuses on two aspects copywriting and email marketing The first aspect provides four important steps to writing copies that convert This aspect also applies to email copies It is useful for landing pages web copies and of course email copies A rare aspect that this book also covers is how to land in the Primary folder of the Gmail inbox Q What set of people will this book benefit the most A This book will benefit everybody that writes for the internet As long as you create written content this book is for you It is the beginner s manual to creating content that converts There is no niche restriction on this Whether you write in the medical niche or woodworking niche this book is highly useful Thank you for your time  *Blogging* Chris Demmer,2017-02-22 Your First Blog A Beginner s Guide How To Set It Up Write Your First Posts it is shared with the people having different cultures life styles religions and outlines The world has witnessed the people from diverse backgrounds interacting through blogs Thus a blog is a communication channel through which you can access the desired audience anywhere in the world Here Is A Preview Of What You Will Learn Types Of Blog Steps Involved In Setting Up A Blog Plugins Writing The First Post On Your Blog Much Much More Get Your Copy Today  Blogging for Profit 2019 Naomi Jacobs,2019-04-07 Want to learn how popular blogs like Sooverthis generate 80k a month in income If you want to start making money with your blog then keep reading Every day more and more people are achieving financial freedom and living their ideal lifestyle by turning to blogging They are abandoning the classic nine to five schedule so they can finally go on vacation whenever they want You ve read all the guides out there but they aren t teaching you how to write good articles or how to turn those articles into money making machines You ve invested hours in setting up your blog only to realize you re using the wrong platform and that you can t even customize it What am I supposed to do Blogging isn t working Shush don t say that Anyone can make money blogging This audiobook is your no bullshit solution It s the answer to all your prayers and I ll show you how easy it is This book contains everything you need to know to turn your blog from zero to profit Other books don t provide you the foundation for setting your blog up for success They give you all these tips to help you improve but if your foundation is shakey it does not matter what you try because it will not work I will walk you step by step through the entire process of starting a blog from scratch and help you achieve your goals of attaining financial freedom With this book you ll discover The best blogging platform that will help you scale your business The number one thing you have to do before you start writing your blog and no it s not just the title The 12 step badass blog checklist to guide you through every step to kick off your blog Important design tips for your blog from a real web designer My seven step formula for writing headlines that convert The 15 best plugins you need to download for your blog Four proven strategies to keep the ideas coming so you never stop writing Where to find resources for your articles so they are honest and reliable I know what you re thinking This seems like a journey I m here to help make it easy Even if you ve never written a single blog post before you ll be able to get
