Should We Have Gun Control:

Should We Have Gun Control? Maggi Aitkens, 1992 Discusses the controversial issues of whether guns contribute to violence and crime and whether government should regulate private citizens access to all firearms *Debating Gun Control* David DeGrazia, Lester H. Hunt, 2016 Americans have an ambivalent relationship to guns The debate over the role of guns and gun regulations in American society tends to be acrimonious and misinformed DeGrazia and Hunt bring the advantages of philosophical analysis to this highly charged issue in the service of illuminating the strongest possible cases for and against relatively extensive gun regulations *Gun Control* James Persinger, 2018-04-04 GUN CONTROL DO WE NEED IT OR NOT If there s one thing that alot of people around the world know about the USA it s that the people love guns Depending on who you are this might be a source of pride knowing that your country provides you with the ultimate freedom to preserve life and liberty For others it s a source of shame that even while being the richest nation in the world it doesn t come close to having the same level of gun control as many third world nations This is where this book on gun control comes in Here you will be given an insightful look into the world of firearms and gun control Understanding the true nature of gun violence in the USA is as much about developing the ability to think about the statistics and society as it is determining whether we should be allowing people firearms or to take them away completely How can we realistically reduce gun crime and stop headlines about another school shooting Jump in and discover all about Gun Control right now [Gun Control](#) Christopher Street, 2016-08-24 Gun Control If there s one thing most of the world knows about the USA it s that we love guns Depending on who you are this might be a source of pride knowing that your country provides you with the ultimate freedom to preserve life and liberty For others it s a source of shame that despite being the richest nation in the world the USA doesn t even have the same level of gun regulations as many third world nations No matter how you feel about guns knowing what to do about them is a difficult question for anybody There are no easy answers to the debate about gun control The information and statistics all seem to contradict each other and everyone has such strong opinions about guns that there must be a right one This is where this book on gun control comes to help Here you will be given an engaging and insightful look into the world of guns and gun control Understanding the true nature of gun violence and gun culture in the USA is as much about developing the ability to think critically about statistics and society as it is determining whether we should be giving people guns or taking them away The NRA tells you that guns stop 2 5 million crimes a year Mother Jones tells you that you re more likely to kill yourself or your children than a criminal with a gun Who to believe What s the agenda Whether Republican or Democrat gun nut or gun phobic the truth is that the USA s gun homicide rate doesn t just beat out America s competition in the Western world it obliterates it Does this mean we need to bury our guns or make sure we have enough to go around Discover what gun control really means and how it would manifest itself in America How can we realistically reduce gun crime and stop headlines about another school shooting Are the policies put forward by Obama a means to
