Raging Hunger:

Unspoken Rome Tom Geue, Elena Giusti, 2021-09-16 Showcases innovative approaches to Latin literature by reading textual absence as a generative force for literary interpretation and reception Includes chapters by a wide range of scholars covering some of the main authors of the Latin literary tradition often in dialogue with modern literature and philosophy

Bhabani Bhattacharya K. K. Sharma, 1980 Raging Against the Machine Chris Brazier, 2003 For over thirty years the core concerns of New Internationalist have been Anger at the world's ever growing divide between rich and poor concern at the state of the environment and the damage done by consumer culture and resistance to the economic sway of transnational corporations and the IMF World Bank axis that backs them up This collection of the most influential pieces of writing published by the magazine is far more than just a retrospective but a reflection of the evolution of the international movement of resistance to Washington led globalisation

Bhabani Bhattachacharya : His Vision And Themes K.K. Sharma, 1979 Bhabani Bhattacharya is unquestionably one of the celebrated Indo English fiction writers notwithstanding his rather scanty literary output he has caught the fancy of quite a large reading public and academics both at home and abroad No wonder then if his latest novel *Shadow From Ladakh* has won for him the much coveted Sahitya Akademi Award for 1967 Besides he is a much translated Indian novelist writing in English His books have been translated into twenty six languages including fourteen European languages In spite of the global fame that has come to him spontaneously he has not yet been explored and evaluated thoroughly well with the empathy of a scholar Only two full length studies and a few articles in journals and books have appeared on him and these too are just an introduction to his writings and do not examine comprehensively either the thematic or the technical side of his fiction Hence the need and justification for a book such as this The present book undertakes to make a thorough and objective study of Bhabani Bhattacharya's vision his dominant themes and his concept of a creative writer's concern with social reality It has been my sincere endeavour to make this study really useful and interesting for scholars in general and for university students in particular since there is a paucity of critical works on the contemporary Indian novelists writing in English The book it is hoped will surely help the reader to understand and develop genuine interest in Bhabani Bhattacharya as well as the Indo English fiction of the recent decades

Decolonizing Therapy Jennifer Mullan, 2023-11-07 A call to action for therapists to politicize their practice through an emotional decolonial lens An essential work that centers colonial and historical trauma in a framework for healing Decolonizing Therapy illuminates that all therapy is and always has been inherently political To better understand the mental health oppression and institutional violence that exists today we must become familiar with the root of disembodiment from our histories homelands and healing practices Only then will readers see how colonial historical and intergenerational legacies have always played a role in the treatment of mental health This book is the emotional companion and guide to decolonization It is an invitation for Eurocentrically

trained clinicians to acknowledge privileged and oppressed parts while relearning what we thought we knew Ignoring collective global trauma makes delivering effective therapy impossible not knowing how to interrogate privilege as a therapist client or both makes healing elusive and shying away from understanding how we as professionals may be participating in oppression is irresponsible
