**Late Raphael** Raphael, 2012. This book focuses on a crucial but hitherto neglected part of Raphael's oeuvre: the work he and his pupils executed in Rome during the seven years from 1513 to the artist's death in 1520. Nearly ninety works including paintings such as *Saint Cecilia* and *Portrait of Baldassere Castiglione* as well as many significant drawings illustrate the ways in which Raphael employed an astonishing range of technical devices, many of which were highly novel and enjoyed considerable subsequent influence. Raphael's workshop methods eventually became a model for the great artistic enterprises of the seventeenth century, notably those of Rubens, Bernini, and Pietro da Cortona. The book also clarifies and focuses on the work of his two most important pupils, Gianfrancesco Penni and Giulio Romano. The text surveys Raphael's late paintings in chronological order, explores his range of styles, and investigates the role of his workshop in the design and production of his pictures. The essayist's words and the sublime works of art that accompany them will provide a deeper knowledge of one of the masters with Leonardo and Michelangelo of High Renaissance art.

**Cardinal Bendinello Sauli and Church Patronage in Sixteenth-century Italy** Helen Hyde, Royal Historical Society (Great Britain), 2009. A detailed examination of the life and career of Cardinal Bendinello Sauli, notorious for his involvement in a plot to murder the Pope. Cardinal Bendinello Sauli died in disgrace in 1518, implicated rightly or wrongly in a conspiracy to assassinate the then Pope Leo X. This book, based on extensive archival research in Genoa and Rome, traces Sauli's rise and fall, setting one man's life and career against a background of political turmoil and intrigue, and offering new perspectives on the patronal links which bound pope, cardinals, and their family and courtiers so closely together. It plots his elevation to ecclesiastical eminence through the efforts of his family, who were financiers to the pope, and it examines his apogee as cardinal patron, both of humanists and of some of the leading artists of his day, such as Sebastiano del Piombo and Raphael. The plot to murder the pope is also studied in depth; the author examines the surviving evidence relating to the plot and reveals new archival material which supports its existence in the eyes of the law and Sauli's involvement in it. In addition, she explores Sauli's role as a man of the Church and his administration of his benefices.

HELEN HYDE is an independent scholar who studied at the universities of Lancaster and London. Her previous publications include articles on the Sauli family and early sixteenth-century Genoa.

Whether psychoanalysis can in fact add to our understanding of art has long been a source of contention among art historians and psychoanalysts. Leonardo Psychoanalysis and Art History is the latest round of a lively intellectual debate that has taken place between the two disciplines over the decades.
