Regulations (Revised regulations) for the management of lawn-tennis prize meetings. [6 eds. For subsequent eds. see Lawn tennis association]. All England lawn tennis and croquet club, 1882

Quicklet On Richard Templar's Rules of Management Jason Warner, 2012-02-08 ABOUT THE BOOK When I was a young man trying to make my mark in the software business I was exposed to many different types of leadership personalities This experience shaped my understanding of management as it would any wide eyed college graduate I tried to emulate the people in positions of power watched the people in various positions of authority and started to build my mental framework for what it meant to manage by what they did After all they say the quickest way to success is to find out what successful people do and put what you learn into action The problem It was a mirage Just because managers were in charge didn't mean they were going to be successful After watching for a bit I started to realize that all bad managers had one thing in common going down in flames It might have taken some time but eventually they all stalled and failed Maybe they lost their team maybe they made false promises one too many times or maybe their irritating attitudes finally caught up with them Eventually people figured them out and jettisoned them as dead weight I got lucky When I was put in charge of a small software development team at the ripe old age of 22 a friend gave me Richard Templar's *The Rules of Management* as a good luck gift That night I read it cover to cover twice With no exaggeration there was more wisdom in those pages than anything I had experienced seen or read up to that point on management There was no secret wisdom no hidden management guru framework no convoluted advice Instead Templar applied common sense to the concept of management

MEET THE AUTHOR Jason Warner is an programmer leader author and open source enthusiast He works for Canonical managing the Ubuntu desktop has authored several fitness books maintains a leadership blog and fitness blog and is working on his next series of books Jason is passionate about management

and leadership and believes one can be successful and still be known as a good person In the past he has managed engineering teams for various startups and loves startup energy and creativity He has a B S in Computer Science from Penn State and an M S in Computer Science from Rensselaer Polytechnic Institute Though and American Jason currently lives in Adelaide South Australia with his wife and two young children They plan to move back to the United States in the second half of 2012 EXCERPT FROM THE BOOK Templar s Rules series of books has sold over 1 million copies world wide influenced numerous other book lines and generally helped people live better everyday lives Reading The Rules of Management has become a bit of a rite of passage for new managers There are very few books universally applicable to management in different industries but The Rules of Management bridges these divides and can be used by anyone in any management position The Rules of Management has become a cult hit among first time and emerging managers and leaders It is often referenced in blog posts on lists of must read management books and cited as an influential read by many new managers The book is not just for new managers though Seasoned managers have much to gain from it as well It can serve as reinforcement of good practices and help identify and name bad practices Good leaders are constantly striving for improvement and looking for ways to change and make gains The Rules to Management can help in both regards whether this is your first team or your tenth startup company Buy a copy to keep reading
