

# HAND & FOOT CANASTA

## RULES FOR 4 PLAYERS

### THE GOAL:

The goal is to get rid of cards from your hand, then your foot, by playing them in rows. The team with the highest score at the end of the game wins.

### DEFINITIONS:

**Teams** - A group of two or more players not sitting next to each other.

**Hand** - The cards held in the game by a given player at any time

**Foot** - The cards waiting to become the hand of a given player at any time

**Controller** - The partner in charge of laying down the teams cards to create rows and books

**Equal Rank** - Each card being of the same number (all cards are eights or kings, etc)

**Natural Cards** - Any card four through ace which is not wild or forfeit

**Clean Row** - A set of three to seven natural cards of equal rank placed face up in a row in front of the controller

**Dirty Row** - A set of three to seven natural cards of equal rank and wild cards placed face up in a row in front of the controller

**Book** - A row of seven cards of equal rank squared up and placed above the rows.

**Stockpile** - Pile of face down cards to pull from at the beginning of each turn

**Discard Pile** - Pile of face up cards containing discarded cards

**Opening** - Laying rows down with enough points to begin play for a team

**Card Values** - The value of each individual card (ace = 20 points, sevens = 5 points, etc.)

### THE TEAMS:

There are always two teams in Hand & Foot. Any number of players can be on each team, as long as there are an equal number of players on each team. No two team members may sit next to each other (each player must sit between two members of the

opposite team). Each team must choose a controller to handle the cards (rows and books) once play begins.

### THE DEAL:

Choose which player will start. After the cards have been shuffled, the first player takes part of the deck and deals two face down piles of 11 cards each. Meanwhile, all other players, going clockwise, do the same. The remaining cards, after the deal is finalized, are placed face down in the middle of the table to create the stockpile. Each player then exchanges one pile of cards with the player to their

### THE ROWS:

A row is a set of matching cards totaling three to seven cards of equal rank, placed face up in a row in front of the controller.

Rows belong to a partnership, not an individual; therefore, any member of the team can play on them during their turn. Rows can be made of cards of any rank four through ace. Super and Mini Wilds can be used as substitutes in rows, as long as there is one more natural card (4 through ace) than wild card.

There are two types of rows:

1. Clean row - contains no wild cards
2. Dirty row - contains at least one wild card

A row of seven cards completes a book. While rows are lined up one on top of each other (see picture above) with the top numbers visible, a book is squared up and the card placed on top (either a red for clean or a black for dirty) shows the type. Books can continue to be played on with natural cards, but no wilds can be added.

The Play ends when someone gets rid off all the cards in their hand and foot. In order to go out, your team must have completed at least two clean and two dirty books.

### THE CARD VALUES:

The individual card values are as follows in the box below. These values count for you if they are played (excluding forfeit cards) and against you if they are left in your hand or foot at the end of the hand. Forfeit cards always count against you.

Super Wild	• 50 Points Each
Mini Wild	• 20 Points Each
Aces	• 20 Points Each
Ten - King	• 10 Points Each
4 - 9	• 5 Points Each
Mammoth Forfeit	• -100 Points Each
Wise Forfeit	• -5 Points Each
