Oedipus Lowell Edmunds, Alan Dundes, 1984 *Oedipus* Sophocles, 1966 **Archetypes and Motifs in Folklore and Literature: A Handbook** Jane Garry, 2017-07-05 This is an authoritative presentation and discussion of the most basic

thematic elements universally found in folklore and literature The reference provides a detailed analysis of the most common archetypes or motifs found in the folklore of selected communities around the world Each entry is written by a noted authority in the field and includes accompanying reference citations Entries are keyed to the Motif Index of Folk Literature by Stith Thompson and grouped according to that Index's scheme The reference also includes an introductory essay on the concepts of archetypes and motifs and the scholarship associated with them This is the only book in English on motifs and themes that is completely folklore oriented deals with motif numbers and is tied to the Thompson Motif Index It includes in depth examination of such motifs as Bewitching Chance and Fate Choice of Roads Death or Departure of the Gods the Double Ghosts and Other Revenants the Hero Cycle Journey to the Otherworld Magic Invulnerability Soothsayer Transformation Tricksters

**Interpretations of Greek Mythology (Routledge Revivals)** Jan N. Bremmer, 2014-03-18 Interpretations of Greek Mythology first published in 1987 builds on the innovative work of Walter Burkert and the Paris school of Jean Pierre Vernant and represents a renewal of interpretation of Greek mythology The contributors to this volume present a variety of approaches to the Greek myths all of which eschew a monolithic or exclusively structuralist hermeneutic method Specifically the notion that mythology can simply be read as a primitive mode of narrative history is rejected with emphasis instead being placed on the relationships between mythology and history ritual and political genealogy The essays concentrate on some of the best known characters and themes Oedipus Orpheus Narcissus reflecting the complexity and fascination of the Greek imagination The volume will long remain an indispensable tool for the study of Greek mythology and it is of great interest to anyone interested in the development of Greek culture and civilisation and the nature of myth

*Psychoanalysis And The Humanities* Laurie Adams, Jacques Szaluta, 2013-08-21 First published in 1996 Written by distinguished artists and scholars with psychoanalytic training this seminal collection of essays spans the humanities painting sculpture literature history anthropology and philosophy illustrating how psychoanalytic thinking can powerfully enhance these disciplines The essayists address a question first posed by Freud in his 1919 article Should Psychoanalysis Be Taught at the University With a resounding Yes they underline the intellectual enrichment to be gained from the application of the psychoanalytic method to humanistic disciplines and conversely the need for contemporary psychoanalysts to acquire the kind of historical and classical education taken for granted by their counterparts earlier in this century

Ecstasies Carlo Ginzburg, 2021-03-01 Weaving early accounts of witchcraft trial records ecclesiastical tracts folklore and popular iconography into new and startling patterns Carlo Ginzburg presents in *Ecstasies* compelling evidence of a hidden shamanistic culture that flourished across Europe and in England for thousands of years

Relativism Under Fire Robert Endelman, 1995 Critical discussion of cultural relativism in 20th century anthropology from the vantage of psychoanalytic universalism Relativism teaches that cultures are endlessly varied with no common universal features each incomparable to any other By implication each culture is morally equivalent Psychoanalytic universalism

argues a common universal human nature that applies to all human beings all cultures all of human time explored by psychoanalysis Such universalists have demonstrated this common human psychology in cultures all over the world negating the ideology of cultural relativism That universalism is now embraced by a growing band of dissidents in anthropology related sciences From anti ethnocentric anti racist beginnings relativism developed into a view romanticizing the primitive derogating demonizing the modern otherwise distorting social psychological reality including its service to political correctness We explore the conversion of ex relativists Mead Spiro to psychoanalytic universalism the reverse conversion of psychoanalyst Alan Roland to relativism the intense anti relativism of Edgerton s SICK SOCIETIES Order from Psyche Press P O Box 780 New York N Y 10024 212 721 4466 Oh Terrifying Mother Sarah Caldwell,2001 Oh Terrifying Mother is an anthropological exploration of a South Indian ritual in which male actors become possessed by the fierce goddess Bhagvati as a divine offering By providing an on the ground look at the many meanings of Kali to those who worship her this book fills an important niche in the burgeoning literature on Hindu goddesses **Recent Studies in Myths and Literature, 1970-1990** Bernard Accardi,1991-08-14 Despite protestations to the contrary myth criticism in literature is not dead witness the well over 1000 illuminating sources published between 1970 and 1990 selected from thousands more and provided with succinct informative annotations The modern study of the relation between myths and literature began in the late 19th century with publication of James G Frazer s The Golden Bough and reached a high water mark with Northrop Frye s archetypal criticism beginning in the late 1950s The end of modernism proclaimed in the late 1960s seemed also to toll the death knell for myth criticism which was denigrated by some new critics of the post modernist era Instead however the authors here have found a wealth of recent materials some proceeding from traditional psychological or anthropological stances and others taking new directions studying relationships between myth and language and myth and history viewing myth as part of the complex fabric of fiction rather than its core and accommodating feminist theory among other approaches The variety of narratives accorded the status of myth has also prompted inquiries on mythopoesis or the literary creation of myth The opening chapter surveys work done on the mythic or archetypal approach in general and on such mythic figures in literature as Orpheus Oedipus Cain and Faust the second chapter covers works on myth in classical literature and the following five chapters correspond to major periods in British and American literature Included are general studies and studies of particular authors notably among them such giants of the past as Shakespeare Milton Melville Joyce and Faulkner but also including such contemporary writers as Toni Morrison and John Updike A well constructed subject index provides access throughout to mythical figures and literary figures as well as major theories and theorists topics and themes and an author index accesses the critical studies **The Theater of the Mahābhārata** Richard Armand Frasca,1990 A study of the ritual reenactment of part of the Mahabharata epic as performed in the Tontaimantalam region of Tamil speaking southern India Frasca religion U of California Davis explores the 2000 year history the troupes the literary corpus
