### **Law and administration in Shakespeare's Measure For Measure.**

Shakespeare's Measure for Measure is set in the catholic city of Vienna. By the time Shakespeare's audiences were watching his plays, England had become a strict Protestant country. The city under Duke Vincentio's rule ran unchecked and the law and administration have been in sleep for many years. The advantage of unrestrained liberty led to the increase in the sins of adultery, illicit relationships and establishment of illegal brothels. The too kind Duke thus set out on a mysterious business and left the care of the state to his trusted minister Lord Angelo because of a genuine regard for his judgement and virtue. His purpose in leaving Vienna to his deputy and returning in disguise is unclear. He explains his motive to Friar Thomas as a wish to see long-ignored laws of morality enforced, without himself appearing as a tyrant. He then plans to make an example of the young Claudio and has him arrested for having sex with his betrothed, Juliet. As he is being taken to prison, Claudio begs his friend Lucio to get help from his sister, Isabella, who, upon hearing the news, hastens to her brother. Meanwhile, Duke Vincentio is going about the city in disguise as a friar, watching the way his deputy, Angelo, rules and hoping that he can bring the city, which under his own too-kindly rule has been given over to crime, back to the ways of virtue.

Isabella obtains an audience with Angelo and pleads for her brother's life. At first her efforts are of no significance, but later, as her beauty rouses a passion in Angelo, he asks for a second interview at which he suggests she might purchase her brother's life with her sexual favors. The vaulting ambition and the misutilisation of power by Angelo Shocked Isabella, she denies Angelo and
