Rainbird Pattern:

The Rainbird Pattern Victor Canning, 1980-10-01 The Rainbird Pattern V. Canning, 1996 **Hitchcock at the Source** R. Barton Palmer, David Boyd, 2011-09-01

The adaptation of literary works to the screen has been the subject of increasing and increasingly sophisticated critical and scholarly attention in recent years but most studies of the subject have continued to privilege literature over film by taking the literary sources as their starting point Rather than examining the processes by which a particular author has been adapted into a diversity of films by different filmmakers the contributors in Hitchcock at the Source consider the processes by which a varied range of literary sources have been transformed by one filmmaker into an impressive body of work Throughout his career Alfred Hitchcock transformed a variety of literary sources novels plays short stories into what is arguably the most coherent and distinctive narratively stylistically and thematically of all directorial oeuvres After an introduction surveying the nature and diversity of Hitchcock s sources and locating the current volume in the context of theoretical work on adaptation nineteen original essays range across the entirety of Hitchcock s career from the silent period through to the 1970s In addition to addressing the process of adaptation in particular films in terms of plot and character the contributors also consider less obvious matters of tone technique and ideology Hitchcock s manipulation of the conventions of literary and dramatic genres such as spy fiction and romantic comedy and more general problems such as Hitchcock s shift from plays to novels as his major sources in the course of the 1930s

Alfred Hitchcock Gene Adair, 2002-06-06 Alfred Hitchcock is a fascinating look at the life of one of the most influential filmmakers in the world a man known for his portly profile and distinct leery voice almost as much as for his groundbreaking movies From Hitchcock s first film Blackmail the first British movie with sound to his blockbuster Hollywood successes Psycho The Birds Rear Window and Vertigo

The Complete Films of Alfred Hitchcock Robert A. Harris, Michael S. Lasky, 2002 A tribute to the undisputed master of terror and suspense and the visionary who revolutionised the art of filmmaking this book covers everything from his 1922 silent film The Pleasure Garden to his final 1976 film Family Plot including such masterpieces as Vertigo Psycho Rear Window and The Birds and the years of his popular television show Alfred Hitchcock Presents Complete with 450 b w stills from his many films and a text that examines the background of each production this is the ultimate portrait of the movie genius in all his cinematic glory

Authorship in Film Adaptation Jack Boozer, 2009-06-03 Authoring a film adaptation of a literary source not only requires a media conversion but also a transformation as a result of the differing dramatic demands of cinema The most critical central step in this transformation of a literary source to the screen is the writing of the screenplay The screenplay usually serves to recruit producers director and actors to attract capital investment and to give focus to the conception and production of the film project Often undergoing multiple revisions prior to production the screenplay represents the crucial decisions of writer and director that will determine how and to what end the film will imitate or depart from its original source Authorship in Film Adaptation is

an accessible provocative text that opens up new areas of discussion on the central process of adaptation surrounding the screenplay and screenwriter director collaboration In contrast to narrow binary comparisons of literary source text and film the twelve essays in this collection also give attention to the underappreciated role of the screenplay and film pre production that can signal the primary intention for a film Divided into four parts this collection looks first at the role of Hollywood s activist producers and major auteurs such as Hitchcock and Kubrick as they worked with screenwriters to formulate their audio visual goals The second part offers case studies of *Devil in a Blue Dress* and *The Sweet Hereafter* for which the directors wrote their own adapted screenplays Considering the variety of writer director working relationships that are possible Part III focuses on adaptations that alter genre time and place and Part IV investigates adaptations that alter stories of romance sexuality and ethnicity

Book Review Index ,1975 Every 3rd issue is a quarterly cumulation [Footsteps in the Fog](#) Jeff Kraft,Aaron Leventhal,2002 A celebration of the San Francisco films of Alfred Hitchcock this book examines the master director s familiarity with Northern California and how it greatly influenced his decision to use the Bay Area location in several of his landmark motion pictures More importantly this book shows how San Francisco was often the source of inspiration for many of these same cinema classics The masterpieces that are examined are *Shadow of a Doubt* *Vertigo* *The Birds* *Suspicion* *Psycho* and *Family Plot* Hitchcock fans are taken on a journey around the Bay Area experiencing cinematographic intrigue and learning about Bay Area history lore and the timeless elegance of San Francisco and its picturesque surroundings Hundreds of historical and contemporary photos are included with an emphasis on those buildings and businesses that no longer exist From publisher description *Catalog of Copyright Entries.
