

Hi

I'm trying to gather my thoughts into something coherent but right now my mind is just a chaotic
A chaotic mess. At all the times I contemplated about what to do and what way to a chance
to get to talk to you this week. All the times I was thinking about reaching out to you but it
felt through I almost stopped thinking it could ever happen after 20 years of having the worst
things and then just all away that that's all in the past now I've been looking into ways of joy
at these intervals and then I found out that this is really happening. I really get to say these
words.

All of the work I've ever made... now belongs... to me.

And all my music ideas
All the artwork ideas
The album art and photography
The unreleased songs
The music that never got released
Every single one
My entire life's work.

To say this is my greatest dream come true is actually being pretty nervous about it. To my ears you
have been important. This has been to me - so much so that I'm particularly re-remembered and blessed
of my album calling them Taylor's Version. The passionate support you showed those albums and the
overall story you would tell them for me is why I was able to try back my music. I can't thank
you enough for helping to realize me with this art that I have dedicated my life to but have never
said with me.

All I've ever wanted was the opportunity to work hard enough to be able to one day purchase my music
straight with no strings attached no partnerships with labels. I will be forever grateful to
everyone at Universal Capital for being the first people to ever offer this to me. The way they've
handled every interaction we've had has been honest, fair, and respectful. This was a business deal for
them but I really felt like they saw it for what it was to me. My music and my heart and my
hardworking and my heart of desire. I am extremely thankful. My first album might just be a high
point in the life of my business.

I know I know what about Rap T? Full transparency. I haven't even re-remembered a portion of it.
The Reputation album was so specific to that time in my life and I kept hitting a stopping point
when I tried to remember it. All that distance that longed to be understood still feeling perfectly
understood that desperate hope that someone would and would be perfectly honest. It's the
one album in those that is that I thought wouldn't be inspired upon by asking it but the music, or
photos, or ideas. So I kept putting it off. There will be a time (if you're with the idea) for the
unreleased stuff tracks from that album to watch. I'm already completely re-remembered my entire debut
album and I really love how it sounds now. These 2 albums can still have their moment to re-remember
when the time is right. It just will be something you just will be excited about that it is happening.
It won't be from a place of sadness and longing for what I wish I could have. It will just be a
celebration now.

I'm extremely heartened by the conversations this sign has reignited within my industry among artists
and fans. Every time a new artist tells me they regretted to see their music re-remembered in their
music, I'm excited because of this sign. I'm excited of how important it was for all of this to
happen. Thank you for being curious about something that used to be thought of as too
industry-centric for most discussion. You'll never know how much it means to me that you would bring
this up. It is so exciting and added to my heart.

Thanks to you and your goddamn heart and arrangement. The best thing that have ever been
mine. Finally actually mine.

Chloe and I

Taylor
