

Mikhail Bakunin

Frank Moore Colby, Talcott Williams

Mikhail Bakunin:

Mikhail Bakunin Paul McLaughlin, 2002 McLaughlin is concerned not so much with an explication of Bakunin's anarchist position as such as with the basic philosophy which underpins it. He focuses on two central components: a negative dialectic or revolutionary logic and a naturalist ontology, a naturalistic account of the structure of being or reality. Bakunin scholarship, he notes, falls into two camps: Marxist and liberal. Both, he says, tend to be hostile. McLaughlin discredits one by one the analyses published usually as part of a work on Marx et al. by Francis Wheen: schoolboy wit, idiocy of tone, poverty of content. George Lichtheim completely misreads Bakunin and Oxbridge scholar Aileen Kelly's personality assassination is perverse and slanderous while upholding Eric Voegelin. Perhaps this book will spark a small revolution of its own. Scholars interested in Bakunin have had few resources available in English and none of them until now presented a credible study of the man's philosophy. *Bakunin* Mark Leier, 2011-01-04 The spellbinding story of both the man and the theory. Bakunin chronicles one of the most notorious radicals in history. Mikhail Bakunin, the founder of anarchism, here revealed as a practical moral philosopher rooted in a critique of wealth and power. Mark Leier corrects many of the popular misconceptions about Bakunin and his ideas, offering a fresh interpretation of his life and thoughts. Bakunin is an insightful read for all those who wish to better understand the fundamental basis of modern radical movements. Anarchism and Authority Paul McLaughlin, 2007-01-01 Examining the political theory of anarchism from a philosophical and historical perspective. Paul McLaughlin relates anarchism to the fundamental ethical and political problem of authority. The book pays particular attention to the authority of the state and the anarchist rejection of all traditional claims made for the legitimacy of state authority. The author both explains and defends the central tenets of the anarchist critique of the state. **Mikhail Bakunin** Aileen Kelly, 1982 Presents a new interpretation of the contradictions in Bakunin's political philosophy and of their general significance. It places Bakunin more clearly in the millenarian tradition of radical thought and throws light on the varieties of self-deception practiced by intellectuals who seek to use mass movements for the realization of their frustrated aspirations. *Selected Writings from Mikhail Bakunin* Mikhail Aleksandrovich Bakunin, 2010 A collection of writings from the champion of Anarchism. Mikhail Bakunin. Includes God and the State, Marxism, Freedom and the State, The Policy of the International and The Paris Commune, and the Idea of the State. Preface gives a brief biography. **Mikhail Bakunin** Edward Hallett Carr, 1975-06-18 Mikhail Bakunin Paul McLaughlin, 2002 Bakunin as Philosopher. The first English language philosophical study of Mikhail Bakunin. This book examines the philosophical foundations of Bakunin's social thought. It is concerned not so much with the explication of his anarchist position as such. *Rebellion: Mikhail Bakunin* Grigoriĭ Petrovich Maksimov, Mikhail Aleksandrovich Bakunin, 1970 **God and the State** Michael Bakunin, 2012-09-19 A founder of modern philosophical anarchism presents a clear introduction to anarchist thought and a manifesto of atheism. This influential work offers a mind-opening experience for even the most skeptical readers. **The Selected Works of**

Mikhail Aleksandrovich Bakunin Mikhail Aleksandrovich Bakunin, One of us is soon to tell in all its details the story of the life of Michael Bakunin but its general features are already sufficiently familiar Friends and enemies know that this man was great in thought will persistent energy they know also with what lofty contempt he looked down upon wealth rank glory all the wretched ambitions which most human beings are base enough to entertain A Russian gentleman related by marriage to the highest nobility of the empire he was one of the first to enter that intrepid society of rebels who were able to release themselves from traditions prejudices race and class interests and set their own comfort at naught With them he fought the stern battle of life aggravated by imprisonment exile all the dangers and all the sorrows that men of self sacrifice have to undergo during their tormented existence A simple stone and a name mark the spot in the cemetery of Berne where was laid the body of Bakunin Even that is perhaps too much to honor the memory of a worker who held vanities of that sort in such slight esteem His friends surely will raise to him no ostentatious tombstone or statue They know with what a huge laugh he would have received them had they spoken to him of a commemorative structure erected to his glory they knew too that the true way to honor their dead is to continue their work with the same ardor and perseverance that they themselves brought to it In this case indeed a difficult task demanding all our efforts for among the revolutionists of the present generation not one has labored more fervently in the common cause of the Revolution In Russia among the students in Germany among the insurgents of Dresden in Siberia among his brothers in exile in America in England in France in Switzerland in Italy among all earnest men his direct influence has been considerable The originality of his ideas the imagery and vehemence of his eloquence his untiring zeal in propagandism helped too by the natural majesty of his person and by a powerful vitality gave Bakunin access to all the revolutionary groups and his efforts left deep traces everywhere even upon those who after having welcomed him thrust him out because of a difference of object or method His correspondence was most extensive he passed entire nights in preparing long letters to his friends in the revolutionary world and some of these letters written to strengthen the timid arouse the sluggish and outline plans of propagandism or revolt took on the proportions of veritable volumes These letters more than anything else explain the prodigious work of Bakunin in the revolutionary movement of the century The pamphlets published by him in Russian French and Italian however important they may be and however useful they may have been in spreading the new ideas are the smallest part of Bakunin s work The present memoir God and the State is really a fragment of a letter or report Composed in the same manner as most of Bakunin s other writings it has the same literary fault lack of proportion moreover it breaks off abruptly we have searched in vain to discover the end of the manuscript Bakunin never had the time necessary to finish all the tasks he undertook One work was not completed when others were already under way My life itself is a fragment he said to those who criticised his writings Nevertheless the readers of God and the State certainly will not regret that Bakunin s memoir incomplete though it be has been published The questions discussed in it are treated decisively and with a singular vigor of logic Rightly addressing himself only to his honest

opponents Bakunin demonstrates to them the emptiness of their belief in that divine authority on which all temporal authorities are founded he proves to them the purely human genesis of all governments finally without stopping to discuss those bases of the State already condemned by public morality such as physical superiority violence nobility wealth he does justice to the theory which would entrust science with the government of societies Supposing even that it were possible to recognize amid the conflict of rival ambitions and intrigues who are the pretenders and who are the real savants and that a method of election could be found which would not fail to lodge the power in the hands of those whose knowledge is authentic what guarantee could they offer us of the wisdom and honesty of their government On the contrary can we not foresee in these new masters the same follies and the same crimes found in those of former days and of the present time In the first place science is not it is becoming The learned man of to day is but the know nothing of to morrow Let him once imagine that he has reached the end and for that very reason he sinks beneath even the babe just born But could he recognize truth in its essence he can only corrupt himself by privilege and corrupt others by power To establish his government he must try like all chiefs of State to arrest the life of the masses moving below him keep them in ignorance in order to preserve quiet and gradually debase them that he may rule them from a loftier throne *Government Leaders, Military Rulers, and Political Activists* David W. Del Testa,2001-06-30 Franklin Delano Roosevelt leading America from a wheelchair Genghis Khan conquering Central Asia until he died in a riding accident Nelson Mandela teaching freedom through prison walls this multicultural reference tool examines 200 leaders rulers and activists from around the world The volume includes lesser known yet important individuals such as Chin Shih Huang the emperor who reunified China and Hatshepsut queen of ancient Egyptian dynasty Detailed biographical essays place them in a broad historical context illuminating their enduring impact on the common understanding and fundamental themes of human existence **Political Economy from Below** Rob Knowles,2017-07-05 Communitarian anarchism is a generic form of socialism that denies the need for a state or any other authority over the individual from above and which requires absolute belief that the individual cannot exist outside of a community of others This book suggests that the communitarian anarchists of the nineteenth century developed and articulated a distinct tradition of economic thought The period of this study begins with the first major writing of the French communitarian anarchist Pierre Joseph Proudhon in 1840 and ends with the temporary burial of anarchist theorizing at the beginning of the First World War in 1914 However he tradition of communitarian anarchist economic thought did not end in 1914 The economic thought explored in this book provides a fresh perception of the fragmentation evident in many societies today especially where there is a substantial informal economy *Bakunin and the Russian Jacobins and Blanquists as Evaluated by Soviet Historiography* V. Mikhail Bakunin Introduction

In today's digital age, the availability of Mikhail Bakunin books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Mikhail Bakunin books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Mikhail Bakunin books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Mikhail Bakunin versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Mikhail Bakunin books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Mikhail Bakunin books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Mikhail Bakunin books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of

America, which provides a vast collection of digitized books and historical documents. In conclusion, Mikhail Bakunin books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Mikhail Bakunin books and manuals for download and embark on your journey of knowledge?
