The Season of Second Chances Diane Meier, 2010-03-30 A world of possibilities opens up for Joy Harkness when she sets out on a journey that's going to show her the importance of friendship love and what makes a house a home Coming of age can happen at any age Joy Harkness had built a university career and a safe life in New York protected and insulated from the intrusions and involvements of other people When offered a position at Amherst College she impulsively leaves the city and along with generations of material belongings she packs her equally heavy emotional baggage A tumbledown Victorian house proves an unlikely choice for a woman whose family heirlooms have been boxed away for years Nevertheless this white elephant becomes the home that changes Joy forever As the restoration begins to take shape so does her outlook on life and the choices she makes over paint chips wallpaper samples and floorboards are reflected in her connection to the co-workers who become friends and friendships that deepen A brilliant quirky town fixture of a handyman guides the renovation of the house and sparks Joy's interest to encourage his personal and professional growth Amid the half-wanted attention of the campus's single middle-aged men known as the Coyotes and the legitimate dramas of her close-knit community Joy learns that the key to the affection of family and friends is being worthy of it and most important that second chances are waiting to be discovered within us all

Second Thoughts: Second Chances D. C. Moses, 2015-03-06 Having met at Ithaca University as graduate students the millennial year of 2000 soon approaching Sydney Steinberg and Corinna Kipnis consider each other their exclusive significant other While after graduation Corinna takes up a position as reference librarian in her hometown library of Thompsonville Syd hastens to finish his graduate degree in engineering But after some irrepressible soul searching he decides on a radical change of course he will instead attempt that more challenging career in the New York financial world he has always aspired to which in his estimate will not only demand his highest level of intellectual mastery but simultaneously will also position him at the very cutting edge of significant decision making This choice and the lifestyle it engenders set Corinna and Syd on deeply discordant life tracks and toward life goals that prove incompatible In the meantime Viktor Corinnas father and now professor emeritus has been summoned to California for a hospital visit with his cousin and boyhood hero Mitchell Kipnis Despite Mitchells palatial Malibu home Viktor perceives Mitchells loneliness as a widower and retiree and convinces him that a prolonged vacation in his old hometown Thompsonville is just what the doctor would have ordered Additionally Viktor reminds Mitchell that his son Paul has just taken a position at Ely College in Thompsonville and would be an added companion Mitchell consents to this transition and eventually becomes a thoroughly vibrant part of the whole Thompsonville scene Inevitably Corinna and Syd separate and through this painful process Corinna actually begins to fall in love with another person having herself attained a depth and confidence she had never before realized In this generational and career mix of interesting well realized characters there are more than enough opportunities for dynamic clashes of values and priorities small town community or big city glitz Wealth and power or a dedication to personal development Parents and their children retaining familial ties between generations or opting to go it alone Plenty of opportunity for second thoughts And hopefully discovering second chances along the way the reader might be drawn into some thoughtful reevaluation of his own basic assumptions And that is of course the best of all outcomes
