

SURVIVING THE NEW ECONOMIC DISORDER

There is no question that America is in the midst of a serious financial crisis—unemployment is up, homes are going into foreclosure, and every day it costs more and more just to get by.

Economist Larry Bates understands the serious problems we face, and in *The New Economic Disorder* he reveals the five powerful, dangerous, and unstoppable forces that are causing it. With clarity and confidence, he turns to the Bible to help us to understand that there is a permanent, lasting solution, addressing such topics as:

- The coming new world order and what it has to do with your finances
- Your financial privacy (hint, you don't have any...)
- How government manipulation has given us an illusion of prosperity
- The debt bubble and what that means for your investments

God does indeed have a plan! Discover how you and your family can survive—and thrive—in these difficult times.

DR. LARRY BATES, an economist and publisher and editor of *Monetary and Economic Review*, is a former member of the Tennessee House of Representatives and chairman of its Committee on Banking and Commerce. Dr. Bates is a former bank CEO and has taught money and banking for the Bank Administration Institute and the state college system in Tennessee. He is an internationally recognized speaker on political systems and the Federal Reserve and how they affect the economy and your finances. Bates is also the CEO of the Information Radio Network and IRN USA Radio News.
