Revolution Christopher Dupre, 2001-03-01 **Japan** Watson W Petrie, 1904 School Work ,1906 **Life of John C. Calhoun** Gustavus M. Pinckney, 1903 A biography of the cast iron man of the South this 1903 book follows the champion of the theory of nullification who was an inspiration to secessionists though he died ten years before the Civil War It draws heavily on its subject's speeches and other writings to paint a highly sympathetic portrait of the controversial South Carolina Senator goodreads.com Japan W. Electro Astronomical Atlas Joseph W. Spoor, 1874 *North Carolina Education* ,1920 **Dreaming Revolution** Scott Bradfield, 1993 Dreaming Revolution usefully employs current critical theory to address how the European novel of class revolt was transformed into the American novel of imperial expansion Bradfield shows that early American romantic fiction including works by William Godwin Charles Brockden Brown James Fenimore Cooper and Edgar Allan Poe can and should be considered as part of a genre too often limited to the Nineteenth century European novel Beginning with Godwin's Caleb Williams Bradfield describes the ways in which revolution legitimates itself as a means of establishing Political consensus For European revolutionaries like Godwin or Rousseau the tyranny of the king must be replaced by the more indisputable authority of human reason In other words democratic revolution makes people free to investigate the same truths and arrive at the same democratic conclusions In the American novel however the Enlightenment's idealized pursuit of abstract truth becomes restructured as a pursuit of abstract space Instead of revealing knowledge Americans explore further territories manifest destiny limitless regions of the yet to be colonized and the still to be known In a spirited discussion of works by Brown Cooper and Poe Bradfield argues that Americans take the class dynamics of the European psychological novel and apply them to the American landscape reimagining psychological spaces as geographical ones Class distinctions become refigured in terms of the common people's pursuit of a meaning vaster than themselves a meaning which leads them to imagine the always expanding body of colonial America However since class conflict is never successfully eliminated or forgotten the memory of class struggle always reemerges in the narrative like a half repressed dream of politics In Dreaming Revolution Bradfield reveals and interprets these dreams opening these American novels to a richer and more rewarding reading BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Spirit of '76* ,1894 **The Study of Nations** Harriet Emily Tuell, 1920 **The R. countries where they seek asylum This unique book presents a very different view Coupling existential themes with politics and psychology Political Refugees tells the story of a number of Iranian political refugees through case studies and through Armin Danesh s own life story Danesh has more than three decades of experience of working with refugees who have survived trauma and who continue to work for the causes close to their hearts All the refugees presented here were politically engaged and suffered as a consequence In their new home country however they not only survived but were reborn and forged new opportunities The book demonstrates people s capacity to transform themselves through crisis The stories told will be invaluable for organizations or individuals who study or work with refugees or anyone who has suffered extreme adversity
