

# Units of Measurement

Units of measurement are used to measure different quantities.

The main metric units of measurement are here:

| Quantity | ← Larger unit |           | Base unit | Smaller unit → |            |
|----------|---------------|-----------|-----------|----------------|------------|
| Length   |               | kilometre | metre     | centimetre     | millimetre |
| Mass     | tonne         | kilogram  | gram      |                |            |
| Capacity |               |           | litre     | centilitre     | millilitre |

We also need to know how to convert between different units of measurement.

We also need to know about **imperial units** of measurement and units of measurement for area and volume.
