

The Push-Pull Marriage

**learning and living the
art of give-and-take**

Les Carter

This is urgent reading for those seeking ways to improve themselves and their marital relations. Dr. Les Carter, therapist and counselor, candidly shares insights into the dangerous push-pull patterns that commonly develop in marital relationships—the tug of war that can be fatal to many homes.

The author explores the question: Why do spouses have problems even when they know the right facts about how to have a good marriage? He focuses on personality characteristics that can lead to marital struggle. Next, he discusses characteristics that will assist couples to build a flexible, happy marital relationship. Finally, the Christian plan for marriage is explained. Marriage partners will learn how to strengthen their relationships and renew contentment.

This unique book begins with psychological insights into marital struggles and moves toward biblical guidelines for marital success. Not only does it explain the mechanics of a good marriage, it also provides insights into why marriages either work or don't work. Authentic case studies concretely illustrate each major concept in the book.
