

GRADUATE PHOTOGRAPHY ONLINE 2012

Special Guest Selection by:

James Hyman

Director, James Hyman Photography, London

Overview: I was struck by the diversity of the work presented and by the range of approaches. However, given my particular interest in subjective and conceptual forms of social photography, the artists selected include those whose themes reflect their interest in specific aspects of society. I am very interested in forms of contemporary documentary or post-documentary practise in which there is a subjective dimension and works in which the photographer's relationship to the subject is significant. I am also interested in the relationship between past, present and future, in the ways that traces of history - whether family, culture or ethnicity - are manifest in the present. I am also intrigued by the way that emerging artists draw from their elders, sub-consciously but also, often, self-consciously in the creation of their work.
