Mikhail Chigorin:

Mikhail Chigorin Mihail Ivanovic за него Cigorin,Alexander Khalifman,S. Soloviov,Hristo прев Jovev,Olga ред Krilova,1999 **Mikhail Chigorin, the Creative Genius** Jimmy Adams,2016-04-15 Examines the life and career of Mikhail Chigorin 1850 1908 the first great Russian chess master who belongs to that select group of exceptionally strong players who did not quite succeed in winning the world championship and who is today best remembered for his contributions to opening theory Amazon com [Mikhail Chigorin](#) Efim Bogoljubov,Colin Leach,1987 **Chess Theory from Stamma to Steinitz, 1735-1894** Frank Hoffmeister,2023-08-11 Most chess biographies present the games of famous players but not their writings Filling that gap this book begins with Syrian master and author of chess studies Philip Stamma and finishes with the first world champion William Steinitz The main novelties in opening middlegame and endgame theory in the 160 year period are examined and biographical sketches put the contributions of more than 30 masters into context The author presents many new insights for example regarding the origins of the Ponziani Opening the Dutch Defense and the Petroff Defense French star La Bourdonnais used other sources for almost every part of his Nouveau Traite Morphy s analysis of the Philidor Defense was faulty and Anderssen s play included many positional ideas Harrwitz and Neumann published modern treatises long before Steinitz came out with his Modern Chess Instructor Many ending themes belong to less well known authors such as Cozio Chapais van Zuylen van Nyevelt Sarratt Kling and Horwitz Berger and Salvio [Mikhail Chigorin, the Creative Chess Genius](#) Jimmy Adams,1987-01-01 **Wilhelm Steinitz** Isaak Linder,Vladimir Linder,2014-09-08 The World Chess Champion Series The first official world champion Wilhelm Steinitz was a towering figure in the chess world in the last quarter of the 19th century For nearly three decades he never lost a serious match His opening innovations have resonated for more than a century For example for those who do not wish to meet the Ruy Lopez with 3 a6 the Steinitz Defense 3 d6 may still be one of the best ways to meet the Spanish Torture In the early 1870s he formulated a positional approach that served as the foundation of modern chess And his pioneering work on chess theory has been a major enduring influence since it was postulated Moreover if we think of his achievements as a writer not just as a player Steinitz was unique Few authors before or since even come close And none of his great successors could match his versatility and output Isaak Linder is regarded as one of the preeminent chess historians of the modern era He is the author of many books including the widely acclaimed books in the World Chess Champions Series Vladimir Linder is one of the best known sport journalists in Russia He is also the co author with his father Isaak Linder of many books including the widely acclaimed books in the World Chess Champion Series **Chess Competitions, 1971-2010** ,2016-02-10 This comprehensive reference work presents detailed bibliographical information about chess publications books bulletins and programs covering competitions held around the world from 1971 through 2010 It catalogs 3 895 entries tracked through 5 381 items with many cross references Information for each entry includes year and country of publication sponsors publisher editors language alternate titles mergers and
