Poems from the Oregon Sea Coast Marilyn Reed Riddle, 1979-11 *Ocean's Laughter* Tricia Knoll, 2015-11-16 All precious places on this planet should have an advocate such as Tricia Knoll Here the rich motions of the Oregon coast come to life within and around the watchful mind of a twenty five year resident The mixed particulars of human presence the mysteries of environmental fragility and strength awaken and abide in these calmly visionary crucial poems Poet Naomi Shihab Nye When it comes to books that catch the light the misty visage and all the moods of the Oregon Coast just right I think of Don Berry s Trask Ursula LeGuin s Sea Road and Brian Doyle s Mink River Now joining them comes The Ocean s Laughter I ll never be able to peer down over Manzanita again or even think of village and surf and beach life on this enchanted shore without Tricia Knoll s poems flooding welcomingly to mind Elegant poems of wit and whimsy of finding and losing and what remains these lines seem to have come ashore with the blue green glass and the sanderlings fully formed and ready to be found instead of the hard work they really were As the poet writes the fog smells of fir needles and so do these words themselves Through Ms Knoll s living and watching and finally her writing The Ocean s Laughter becomes our own Robert Michael Pyle author of Evolution of the Genus Iris Poems and Wintergreen Rambles in a Ravaged Land Human life happens somewhere and Tricia Knoll has given eloquent and realistic insight into a place called Manzanita a small town on the Oregon Coast Only a resident could interpret so deeply the birds the sea creatures of every kind the wilderness of the shoreline the great mystery of the moving zone between ocean and land People both local and visiting intimate and stranger inhabit this book like a town The poet herself is present in every line showing us around To read this book is to be immersed in daily life seen for what it is full of shadow and light gulls eating gulls the abandoned toy shovel claimed by the water the ever present reminder of Fukushima tsunami debris washed ashore and the sunset s luxury of liquid flame In the end we are as sad as the poet to leave a place we have come to know so well Bill Siverly author of Steptoe Butte *West Of 101* Ruth F. Harrison, 2013-10-06 In luminous language Ruth F Harrison brings us in *West of 101* a spirited collection of poems celebrating a narrow strip of rocky coastline along the Pacific in Oregon A reader breathes salt wind clammers among black stones and into sea caves follows the moves of sandpiper and turnstone whether making tracks on the sand or in breath taking flight Natives of the area will revel in familiar wonders Readers who have never been near any ocean will experience the Pacific coast and surf superb and shining in these poems Sharon Roso past president of the Oregon Poetry Association says of this collection Ruth s poems are to me the house where bread appears She knows and relates the secrets ravens tell whether in sand or wind or red rock or black night she spins the wild world in her quiet talk She tells us that every soul s alone but by following the directions the assignment she creates the spark that tells us she knows we are there All I can say is Ruth thank you for the light Jean Esteve author of The Winter Sun and a finalist for the Oregon Book Award comments Ruth F Harrison again has her feelers sharply honed probing for the most significant details this time to bring us a

celebration of the sea and of what it feels like to live on the Oregon coast The light from a lighthouse all white gold strikes in the warm heart colder than black seas She sings of the long purpled swath at the horizon the traffic of wind the silken ripples on Alsi Bay Images textures smells we smell the rain coming sounds the heater s sigh in another indoor rain scene abound in these beautifully crafted poems

Beside the Western Sea Harriet M Skidmore,2023-07-18 This collection of poems evokes the rugged beauty and unpredictable weather of the Oregon coast The author s vivid depictions of the landscape are infused with a sense of wonder and reverence making this volume a must read for poetry lovers and nature enthusiasts alike This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
