## Secrets Out:

*SECRETS OUT OF TIME* Kathleen Rigdon Highley, 2026-01-12 Did the note R G McAnally had found in his mother's antique mantel clock contain a secret worth killing over? If so, how big a secret would it take? He turned the note over and over, thinking. Thinking. When it settled in his hand, he looked down to see a single word written on the back side: One. Did One indicate that somewhere there lurked a Two. Maybe a Three as well. Of course it did. Why number a note at all if only one existed? Where might he begin to search for more clues, and where would they lead? To the truth or to the grave? Across the ocean, Maggie Miles held a similar clue in her hand. Her father had told her that the mantel clock had belonged to her biological mother, who had died within the first hour of Maggie's life. Would her dad know anything about the mystery behind the clue? Should she mention it to him and risk the possible consequences? He'd already been hurt so much: the death of the love of his life and the death of his bride. What would she be asking him to endure if yet another secret upended their comfortable lives? Four seemingly unconnected notes scattered in inconspicuous places on two different continents culminate to change the lives of unsuspecting people who could not foresee the danger or their own destinies. But God, in his infinite wisdom and unwavering devotion to his children, pulls these people together in a way that only he can do. A fantastic healing and restorative journey awaits as they trust God to bring peace and harmony to troubled waters and troubled souls.

Yup, the one and only infamous Drip Baby to the high heel diva in a ballpark of her madam Celeste. No longer being looked at as a night walking eye candy for peeping toms after hour politicians and natives of the nation's capital, Celeste though.
