to viewing art living in the information age is not necessarily a benefit So argues Michael Findlay in this book that
encourages a new way of looking at art Much of this thinking involves stripping away what we have been taught and instead
trusting our own instincts opinions and reactions Including reproductions of works by Mark Rothko Paul Klee Joan Mir Jacob
Lawrence and other modern and contemporary masters this book takes readers on a journey through modern art Chapters
such as What Is a Work of Art Can We Look and See at the Same Time and Real Connoisseurs Are Not Snobs not only give
readers the confidence to form their own opinions but also encourages them to make connections that spark curiosity
intellect and imagination The most important thing for us to grasp writes Findlay is that the essence of a great work of art is
inert until it is seen Our engagement with the work of art liberates its essence After reading this book even the most
intimidated art viewer will enter a museum or gallery feeling more confident and leave it feeling enriched and inspired
