Science Fiction Video Games Neal Roger Tringham, 2014-09-10 Understand Video Games as Works of Science Fiction and Interactive Stories Science Fiction Video Games focuses on games that are part of the science fiction genre rather than set in magical milieus or exaggerated versions of our own world Unlike many existing books and websites that cover some of the same material this book emphasizes critical analysis especially the analysis of narrative The author analyzes narrative via an original categorization of story forms in games He also discusses video games as works of science fiction including their characteristic themes and the links between them and other forms of science fiction Delve into a Collection of Science Fiction Games The beginning chapters explore game design and the history of science fictional video games The majority of the text deals with individual science fictional games and the histories and natures of their various forms such as the puzzle based adventure and the more exploratory and immediate computer role playing game RPG

Beyond Cyberpunk Graham J. Murphy, Sherryl Vint, 2010-06-10 This book is a collection of essays that considers the continuing cultural relevance of the cyberpunk genre into the new millennium Cyberpunk is no longer an emergent phenomenon but in our digital age of CGI driven entertainment the information economy and globalized capital we have never more been in need of a fiction capable of engaging with a world shaped by information technology The essays in explore our cyberpunk realities to soberly reconsider Eighties era cyberpunk while also mapping contemporary cyberpunk The contributors seek to move beyond the narrow strictures of cyberpunk as defined in the Eighties and contribute to an ongoing discussion of how to negotiate exchanges among information technologies global capitalism and human social existence The essays offer a variety of perspectives on cyberpunk s diversity and how this sub genre remains relevant amidst its transformation from a print fiction genre into a more generalized set of cultural practices tackling the question of what it is that cyberpunk narratives continue to offer us in those intersections of literary cultural theoretical academic and technocultural environments

Perfect Dark: Second Front Greg Rucka, 2007-01-09 The war between dataDyne and the Carrington Institute is heating up Carrington offices around the globe are being systematically targeted and destroyed by unknown forces and the casualties are mounting and more importantly profits are dwindling Joanna Dark fresh from her first mission Codenamed INITIAL VECTOR and now operating as a full fledged secret agent for the Carrington Institute is assigned to hunt down and destroy those responsible for the attacks But her search for the faceless enemy leads her not just into another bloody battle with hypercorp dataDyne but headlong into a global conspiracy that s been shaping the world for decades
