

# PHYSICAL PRINCIPLES of REMOTE SENSING

Third Edition

The background of the cover is a dark blue gradient. In the center, there is a 3D perspective view of a landscape. The landscape is shown in two layers: a top layer with natural colors (green fields, blue water, brown terrain) and a bottom layer with a red-tinted overlay, likely representing a different spectral band or a processed remote sensing image. The layers are slightly offset, creating a sense of depth and showing how the same area is perceived differently by different sensors.
