to find the best way to make weed butter. The first steps you need to know are: Marijuana Butter is made by extracting THC from marijuana buds. There are two main methods: one using alcohol and one using oil. Both methods involve heating the buds to release the THC. The alcohol method is faster but requires a second step to remove the alcohol. The oil method is slower but results in a more potent butter. You can use either method to make weed butter for edibles or other uses. The alcohol method is better for those who want to avoid the taste of marijuana. The oil method is better for those who want a more potent butter. You can also use a combination of the two methods. The alcohol method is better for those who want to avoid the taste of marijuana. The oil method is better for those who want a more potent butter. You can also use a combination of the two methods.
