Horseplayers Ted McClelland, 2007-05 This fun and witty expos of horse racing in America goes behind the scenes at the track providing a serious gambler's eye view of the action Ted McClelland spent a year at tracks and off track betting facilities in Chicago and across the country profiling the people who make a career of gambling on horses This account follows his personal journey of what it means to be a horseplayer as he gambles with his book advance using various betting and handicapping strategies along the way A colourful cast of characters is introduced including the intensely disciplined Scott McMannis The Professor a one time college instructor who now teaches a course in handicapping and Mary Schoenfeldt a former nun and gifted handicapper who donates all of her winnings to charity This moving account of wins losses and personal turmoil provides a realistic look at gamblers gambling and life at the track

The Skeptical Handicapper Barry Meadow, 2019-01-15 Is betting a horse who was claimed last start a winning strategy What are the signs that an upcoming favorite looks vulnerable How about if you combine a class drop with a jockey switch Should you bet everyone who won last out by 8 lengths or more You may have an opinion about these handicapping questions But wouldn't it be nice to see long term data What if you could analyze these topics and dozens more by seeing how they did in every race in North America from 2014 through 2017 some 168 227 in all That's what *The Skeptical Handicapper Using Data and Brains to Win at the Racetrack* is all about Is what you believe true Let's find out But this book is not just a dry recitation of numbers Author Barry Meadow who wrote *Money Secrets at the Racetrack* the definitive guide to money management at the races takes you on a handicapping journey which covers virtually every question you may have about what's profitable and what isn't and why He should know for more than 20 years he was a full time thoroughbred player And he was a steady big money winner Now he reveals for the first time what he's learned and what can help you win With the help of thoroughbred analytic specialist Ken Massa of Handicapping Technology and Research he'll show you exactly how to win now and into the future With data and facts not just opinions If you're serious about winning at the races today this is the one book you must have And only Barry Meadow could write it

Betting Thoroughbreds Steven Davidowitz, 1995 Totally revised and expanded to cover the newest forms of wagering and the latest handicapping theories with examples of how to apply them this book proves that the key to winning at the track is not in one all powerful secret but involves using the right tools at the right time
