Theosophical Society fulfilled Helena Petrovna Blavatsky, 2021-04-17 Progress review of the aims and mission of the Theosophical Society September 1889 on the occasion of the fifth volume of Lucifer 1 To establish a nucleus of universal brotherhood of man The Indian National Congress was planned by our Anglo Indian and Hindu members after the model and on the lines of the Theosophical Society and has from the first been directed by our own colleagues men among the most influential in the Indian Empire From Ceylon the religion of Gautama streamed out to Cambodia Siam and Burma and from this holy land the message of Brotherhood reached Japan We depicted the chromatic vibrations of the aura of Gautama in the Buddhist Flag sapphire blue golden yellow crimson white and scarlet 2 To promulgate the study oriental philosophy and literature Our magnificent achievements in India The revival of Buddhism in Ceylon Neither race nor creed nor colour nor social class nor old antipathies are irremovable obstacles to the grand ideals of altruism and brotherhood 3 To investigate the occult laws and principles in nature and man We work on the basis that the Higher Self in every man is colourless cosmopolitan unsectarian sexless and pre eminently altruistic The early fruits of the Theosophical Tree August 1890 a year later The Theosophical Society arose to defend true science and true religion against a sciolism that was becoming more and more arrogant and to stem the headlong descent to materialism The popularity of theosophical and mystical literature indicates the despair and hope of the churches despair that science will ever read the puzzle of life hope that the solution may be found in the secret doctrine The modern Theosophical Movement is a necessity of the age It has spread under its own inherent impulsion and owes nothing to adventitious methods Its strongest allies are the yearnings for light upon the problem of life and for a nobler conception of the origin destiny and potentialities of the human being Alone the organs of disembodied angels poured as unsuccessfully as ever their vials of wrath mockery and brutal slander upon us However the utmost malignity and basest treachery have not been able either to controvert our ideas belittle our objects disprove the reasonableness of our methods or fasten upon us a selfish or dishonest motive The Adyar Library founded by the loving labour of Colonel Olcott is the crown and glory of the Theosophical Society Progress review of the three objects of the Theosophical Society The clear note of universal brotherhood was struck and the evangel of religious tolerance declared in India where previously there had been only sectarian hatred and selfish class egotism And by bringing the people of Ceylon Burma Siam and Japan into fraternal relations with the Hindus and creating channels for international intercourse upon religious and educational subjects In the East End of London we have founded the first Working Women s Club wholly free from theological creeds and conditions We have revived the study of oriental literature across the globe thus opening up the vista of a new spiritual day for the world the harbinger of a new marriage between science and religion and of peace between the people of the most incongruous sects We have placed before the thinking public a logical coherent and philosophical scheme of man s origin destiny and evolution a scheme pre eminent above all for its rigorous adherence to justice Theosophy the universal solvent is fulfilling its mission For many a long year humanity the great orphan has been crying aloud in the

darkness for guidance and light but no more *Genesis Survey: Understanding the First Book of the Bible* Edwin Walhout, 2016-04-02 Does this view of Genesis violate the doctrine of revelation inspiration and authority of the scriptures Indeed not Surely God could and did inspire the unknown persons who wrote and compiled Genesis to write as they did using whatever sources were at hand The authority of Biblical versions of ancient legends is not diminished by having been adapted from pre existing documents of the world from which Abraham came We may believe that God was in control of the process by which these documents were transmitted as well as of the modifications made to these ancient documents in the Hebrew accounts There is no reason to think that the resulting documents which we now have are any less important and authoritative than if they had been provided by God by direct insertion into the minds of the authors We may have confidence that the final result of the editorial process by which the Bible came to be written is precisely what God wanted it to be A History of Philosophy, from Thales to the Present Time Friedrich Ueberweg, 1903 History of the Parliament of Religions and Religions Congresses at the World's Columbian Exposition Walter Raleigh Houghton, 1893 **The History of Civilization** François Guizot, 1871
