Lines of Flight John Hughes,1997-05-01 This book offers a sustained engagement with the writings of the increasingly influential French philosopher and writer on literature Gilles Deleuze offering an introduction to his fascinating body of work and emphasizing its multiple possibilities for literary study Deleuze offers a philosophy of becoming whose many aspects are gaining increasing importance in a variety of disciplines both on the Continent and in Anglo American circles Accordingly the first part of the book stresses the distinctiveness of Deleuze s work setting out its provenance and recurrent concerns and developing an account of its relevance for literary theory and literary criticism The second part of the book provides in these latter contexts close readings of several late nineteenth and early twentieth century works of fiction by Hardy Gissing Conrad and Woolf Above all Deleuze s work opens up ways of reading that enable an articulation of fundamental ethical and effective issues explored and staged within literary texts

The Shadow-Line Annotated Joseph Conrad,2021-04-13 The Shadow Line is a short novel based at sea by Joseph Conrad it is one of his later works being written from February to December 1915 It was first published in 1916 as a serial in New York s Metropolitan Magazine September October in the English Review September 1916 March 1917 and published in book form in 1917 in the UK March and America April The novella depicts the development of a young man upon taking a captaincy in the Orient with the shadow line of the title representing the threshold of this development The novella is notable for its dual narrative structure The full subtitled title of the novel is The Shadow Line A Confession which immediately alerts the reader to the retrospective nature of the novella The ironic constructions following from the conflict between the young protagonist who is never named and the old drive much of the underlying points of the novella namely the nature of wisdom experience and maturity Conrad also extensively uses irony by comparison in the work with characters such as Captain Giles and the ship s factotum Ransome used to emphasise strengths and weaknesses of the protagonist The novel has often been cited as a metaphor of the First World War given its timing and references to a long struggle the importance of camaraderie etc This viewpoint may also be reinforced by the knowledge that Conrad s elder son Borys was wounded in the First World War Others however see the novel as having a strong supernatural influence referring to various plot lines in the novella such as the ghost of the previous captain potentially cursing the ship and the madness of first mate Mr Burns Conrad himself however denied this link in his Author s Note 1920 claiming that although critics had attempted to show this link The world of the living contains enough marvels and mysteries as it is
