## **Shadowtime Green Integer:**

Shadowtime Charles Bernstein, Brian Ferneyhough, 2005 Shadowtime is a thought opera based on the work and life of the German philosopher essayist and cultural critic Walter Benjamin The libretto was written by Bernstein for composer Brian Ferneyhough and was premiered at the Munich Biennale In its seven scenes Shadowtime explores some of the major themes of Benjamin s work including the intertwined natures of history time transience language and melancholy Beginning on the last evening of Benjamin s life Shadowtime projects an alternate course for what happened that fateful night New Literary Hybrids in the Age of Multimedia Expression Marcel Cornis-Pope, 2014-11-15 Begun in 2010 as part of the Histories of Literatures in European Languages series sponsored by the International Comparative Literature Association the current project on New Literary Hybrids in the Age of Multimedia Expression recognizes the global shift toward the visual and the virtual in all areas of textuality the printed verbal text is increasingly joined with the visual often electronic text This shift has opened up new domains of human achievement in art and culture The international roster of 24 contributors to this volume pursue a broad range of issues under four sets of questions that allow a larger conversation to emerge both inside the volume s sections and between them The four sections cover 1 Multimedia Productions in Theoretical and Historical Perspective 2 Regional and Intercultural Projects 3 Forms and Genres and 4 Readers and Rewriters in Multimedia Environments The essays included in this volume are examples of the kinds of projects and inquiries that have become possible at the interface between literature and other media new and old They emphasize the extent to which hypertextual multimedia and virtual reality technologies have enhanced the sociality of reading and writing enabling more people to interact than ever before At the same time however they warn that as long as these technologies are used to reinforce old habits of reading writing they will deliver modest results One of the major tasks pursued by the contributors to this volume is to integrate literature in the global informational environment where it can function as an imaginative partner teaching its interpretive competencies to other components of the cultural landscape Orphic Bend Robert L. Zamsky, 2021-08-10 Opera poetics and the fate of humanism Ezra Pound and Charles Bernstein Measure then is my testament Robert Creeley and the poet s music Orpheus in the garden John Taggart Eurydice takes the mic improvisation and ensemble in the work of Tracie Morris Orphic bend music and meaning in the work of Nathaniel Mackey A Century of the Marx Brothers Joseph Mills, 2009-03-26 In 1905 Julius Marx began his vaudeville career with the singing group The Leroy Trio and was abandoned in the middle of the tour It was an inauspicious start for the person who would become Groucho A hundred years later the Marx Brothers have permeated our culture from the plastic noses and glasses worn at parties to a Smithsonian exhibition which explains DNA recombination using A Night at the Opera Although they completed relatively few films together the brothers have become icons recognizable even to people who have never seen their movies Most scholarly work on the Marx Brothers has focused on biographical aspects of their careers and lives A Century of the Marx Brothers suggests a myriad of other useful approaches

to their film and stage productions The collection s eleven essays examine the Marx Brothers work from a number of critical perspectives ranging from reader response theory to film semiotics The contributors include international scholars in a variety of fields such as literature cultural studies performance studies and film history [The Poetry and Poetics of Michael Heller](#) Jon Curley,Burt Kimmelman,2015-07-01 The Poetry and Poetics of Michael Heller A Nomad Memory is the first comprehensive treatment of a singularly important American poet of the twentieth and twenty first centuries Michael Heller b 1937 has amassed a body of poetry and criticism that places him in the vanguard of modern literature and this essay collection provides the first extensive critical treatment of his varied career This book s multifaceted appraisal of his engagement with poetry as well as crucial ideas across various traditions establishes him as a preeminent writer among his contemporaries and younger generations and as a major poet in any era *The Best American Poetry 2008* Charles Wright,David Lehman,2008-09-16 An anthology of poetry selected as the best published in magazines and periodicals in 2007 by editor Charles Wright featuring seventy five poems by Carolyn Forche Jorie Graham Louise Gluck Alex Lemon and others *Virginia Woolf in Context* Bryony Randall,Jane Goldman,2012-12-17 Covering a wide range of historical theoretical critical and cultural contexts this collection studies key issues in contemporary Woolf studies **Rampike** ,2002 *A Writers' Aviary* Bradford Morrow,Peter Gizzi,2007 Edited by Bradford Morrow **Rain Taxi Review of Books** ,2006 *Attack of the Difficult Poems* Charles Bernstein,2011-04-15 Charles Bernstein is our postmodern jester of American poesy equal part surveyor of democratic vistas and scholar of avant garde sensibilities In a career spanning thirty five years and forty books he has challenged and provoked us with writing that is decidedly unafraid of the tensions between ordinary and poetic language and between everyday life and its adversaries *Attack of the Difficult Poems* his latest collection of essays gathers some of his most memorably irreverent work while addressing seriously and comprehensively the state of contemporary humanities the teaching of unconventional forms fresh approaches to translation the history of language media and the connections between poetry and visual art Applying an array of essayistic styles *Attack of the Difficult Poems* ardently engages with the promise of its title Bernstein introduces his key theme of the difficulty of poems and defends often in comedic ways not just difficult poetry but poetry itself Bernstein never loses his ingenious ability to argue or his consummate attention to detail Along the way he offers a wide ranging critique of literature s place in the academy taking on the vexed role of innovation and approaching it from the perspective of both teacher and practitioner From blues artists to Tin Pan Alley song lyricists to Second Wave modernist poets *The Attack of the Difficult Poems* sounds both a battle cry and a lament for the task of the language maker and the fate of invention [Open Letter](#) ,2005 [Models](#) Jonathan D.
