Knowledge-Based Image Processing Systems Deryn Graham,Anthony Barrett,2012-12-06 Knowledge based or expert systems and image processing have been applied to many domains but although both fields frequently address common application areas they are rarely applied together Often a combined knowledge based system and image processing approach can be highly appropriate and this book provides an insight into both areas and show students how a judicious mix of the two can result in a more effective system The authors include detailed case studies to illustrate the two approaches as well as worked examples and solutions to problems throughout the text Third and fourth year undergraduates and MSc students with some computer science background will find this book invaluable Postgraduates and researchers looking for an introduction to either area or ways to combine the two will also welcome this clearly written and comprehensive text

Managing the Change: Software Configuration and Change Management Michael Haug,Eric W. Olsen,Gonzalo Cuevas,Santiago Rementeria,2001-10-23 C Amting Directorate General Information Society European Commission Brussels th Under the 4 Framework of European Research the European Systems and Soft ware Initiative ESSI was part of the ESPRIT Programme This initiative funded more than 470 projects in the area of software and system process improvements The majority of these projects were process improvement experiments carrying out and taking up new development processes methods and technology within the software development process of a company In addition nodes centres of expertise European networks organisations managing local activities training and dissemination actions complemented the process improvement experiments ESSI aimed at improving the software development capabilities of European enterprises It focused on best practice and helped European companies to develop world class skills and associated technologies to build the increasingly complex and varied systems needed to compete in the marketplace The dissemination activities were designed to build a forum at European level to exchange information and knowledge gained within process improvement experiments Their major objective was to spread the message and the results of experiments to a wider audience through a variety of different channels The European Experience Exchange tUR X project has been one of these dissemination activities within the European Systems and Software Initiative UR X has collected the results of practitioner reports from numerous workshops in Europe and presents in this series of books the results of Best Practice achievements in European Companies over the last few years *CIO* ,1988-11 *CIO* magazine launched in 1987 provides business technology leaders with award winning analysis and insight on information technology trends and a keen understanding of IT s role in achieving business goals A Guide to Expert Systems ,1985 **Decision Support and Expert Systems** Efraim Turban,1993 **An Introduction to Expert Systems** Robert J.
