Otherwise, use this document as an instruction set. The electronic file of your paper will be formatted further at IEEE. Define all symbols used in the abstract. I. INTRODUCTION

THIS document is a template for Microsoft Word versions 6.0 or later. If you are reading a paper version of this document, please download the electronic file, TRANS-JOUR.DOC, from <http://www.ieee.org/organizations/pubs/transactions/stylesheet.shtml> so you can use it to prepare your manuscript. If you would prefer to use LATEX, download IEEE's LATEX style and sample files from the same Web page. Use these LATEX files for formatting, but please follow the instructions in TRANS-JOUR.DOC or TRANS-JOUR.PDF.

If your paper is intended for a conference, please contact your conference editor concerning acceptable word processor formats for your particular conference.

When you open TRANS-JOUR.DOC, select "Page Layout" from the "View" menu in the menu bar (View | Page Layout), which allows you to see the footnotes. Then type over sections of TRANS-JOUR.DOC or cut and paste from another document and then use markup styles. The pull-down style menu is at the left of the Formatting Toolbar at the top of your

The information below goes at the bottom of the first page, left hand column.

Word window (for example, the style at this point in the document is "Text"). Highlight a section that you want to designate with a certain style, then select the appropriate name on the style menu. The style will adjust your fonts and line spacing. Do not change the font sizes or line spacing to squeeze more text into a limited number of pages. Use italics for emphasis; do not underline.

To insert images in Word, position the cursor at the insertion point and either use Insert | Picture | From File or copy the image to the Windows clipboard and then Edit | Paste Special | Picture (with "Float over text" unchecked).

IEEE will do the final formatting of your paper. If your paper is intended for a conference, please observe the conference page limits.

II. PROCEDURE FOR PAPER SUBMISSION

1) Submission of a new manuscript for review

Manuscripts submitted for review must be in the IEEE double column format with 10p fonts and figures included. At this stage, please do not spend too much time following the IEEE format, but PDF file should be readable (see PDF requirements). We would like to see if figures are readable, how many printed pages are required and what is a general layout of the paper. It is also easier to review manuscript if text and figures are together.

In order to secure a fair review process authors' names and affiliations should be removed from the manuscript (they have to be entered only to MC electronic database). Please DO NOT submit authors bio or IEEE copyright form. The only file which has to be submitted is the manuscript in PDF format (WORD files are also possible but please be sure that the file was properly converted by the submission system).

Submitting the manuscript follow this procedure:

1. Before submitting manuscript read the the check list and modify manuscript accordingly.
2. Prepare manuscript in IEEE double column 10p format without information for authors' identification

T. C. Author is with the Electrical Engineering Department, University of Colorado, Boulder, CO 80309 USA, on leave from the National Research Institute for Metals, Tsukuba, Japan (e-mail: author@nrim.go.jp).
