

On Paul Ricoeur

Paul Ricoeur

On Paul Ricoeur:

On Paul Ricoeur David Wood, 2002-11 A collection of essays including three pieces by Ricoeur himself examining this subject Ricoeur's study of the intertwining of time and narrative proposes and examines the possibility that narrative could remedy a fatal deficiency in any purely phenomenological approach *On Paul Ricoeur* Richard Kearney, 2017-07-05 Paul Ricoeur is one of the giants of contemporary continental philosophy and one of the most enduring and wide ranging thinkers in the twentieth century publishing major works ranging from existentialism and phenomenology to psychoanalysis politics religion and the theory of language Richard Kearney offers a critical engagement with the work of Ricoeur beginning with a general introduction to his hermeneutic philosophy Part one explores some of the main themes in Ricoeur's thought under six headings phenomenology and hermeneutics language and imagination myth and tradition ideology and utopia evil and alterity poetics and ethics The second part comprises five dialogical exchanges which Kearney has conducted with Ricoeur over the last three decades 1977 2003 charting and explaining his intellectual itinerary This book is aimed at a broad student readership as well as the general intelligent reader interested in knowing more about one of the most enduring major figures in contemporary continental philosophy **On Paul Ricoeur** David Wood, 1992 **On Paul Ricoeur** David Wood, 1991 Examines the later work of Paul Ricoeur particularly his major work *Time and Narrative* The essays including three pieces by Ricoeur himself consider this important study extending and developing the debate it has inspired *Oneself as Another* Paul Ricoeur, 1992 Self that require solicitude he indicates the direction from the self to the other and clarifies moral problems that appear to founder on the issue of identity His identification of the nonpersonal concept of the self with the concept of the other thus exposes the key to the Moral Law *Oneself as Another* expands on the Gifford Lectures that Ricoeur gave in Edinburgh in 1986 and published in French in 1990 It will be widely discussed among philosophers literary **On Translation** Paul Ricoeur, 2007-01-24 Paul Ricoeur was one of the most important philosophers of the twentieth century In this short and accessible book he turns to a topic at the heart of much of his work What is translation and why is it so important Reminding us that The Bible the Koran the Torah and the works of the great philosophers are often only ever read in translation Ricoeur reminds us that translation not only spreads knowledge but can change its very meaning In spite of these risk he argues that in a climate of ethnic and religious conflict the art and ethics of translation are invaluable Drawing on interesting examples such as the translation of early Greek philosophy during the Renaissance the poetry of Paul Celan and the work of Hannah Arendt he reflects not only on the challenges of translating one language into another but how one community speaks to another Throughout Ricoeur shows how to move through life is to navigate a world that requires translation itself Paul Ricoeur died in 2005 He was one of the great contemporary French philosophers and a leading figure in hermeneutics psychoanalytic thought literary theory and religion His many books include *Freud and Philosophy* and *Time and Narrative* **Paul Ricoeur** Bernard P. Dauenhauer, 1998 An explanation and assessment of the political thought of

French philosopher Paul Ricoeur The author argues that Ricoeur's political philosophy springs from and fills out his overall philosophical anthropology but is not dependent upon it He presents an account of Ricoeur's political writings from 1946 to the present and then discusses various critiques to his thought Annotation copyrighted by Book News Inc Portland OR

The Conflict of Interpretations Paul Ricoeur, 1974 This collection brings together twenty two essays by Paul Ricoeur under the topics of structuralism psychoanalysis hermeneutics and religion In dramatic conciseness the essays illuminate the work of one of the leading philosophers of the day Those interested in Ricoeur's development of the philosophy of language will find rich and suggestive reading But the diversity of essays also speaks beyond the confines of philosophy to linguists theologians psychologists and psychoanalysts

A Passion for the Possible Brian Treanor, Henry Isaac Venema, 2010 Paul Ricoeur's entire philosophical project narrates a passion for the possible expressed in the hope that in spite of death closure and sedimentation life is opened by superabundance by how the world gives us much more than is possible Ricoeur's philosophical anthropology is a phenomenology of human capacity which gives onto the groundless ground of human being namely God Thus the story of the capable man beginning with original goodness held captive by a servile will and ending with the possibility of liberation and regeneration of the heart underpins his passion for the more than possible The essays in this volume trace the fluid movement between phenomenological and religious descriptions of the capable self that emerges across Ricoeur's oeuvre and establish points of connection for future developments that might draw inspiration from this body of thought

Ricoeur and the Hermeneutics of Suspicion Alison Scott-Baumann, 2009-10-23 This book offers an original and insightful examination of Ricoeur's hermeneutics a central concept in his work *Paul Ricoeur* Steven H. Clark, 1990-01-01 No contemporary thinker has participated in more intellectual debates in the post war period than Paul Ricoeur His writings evolved from an initial concern with existentialism and phenomenology through structuralism and psychoanalysis and the work he undertook within the hermeneutic tradition to his recent studies in metaphor and narrative This introduction is the first study to survey the entire range of Ricoeur's work and exploiting the obvious thematic parallels situates it within the context of post structuralism It includes the first discussion of Ricoeur's *Time and Narrative* a work likely to prove the most significant contribution to the theory of narrative since early structuralism Back cover [Paul Ricoeur on Hope](#) Rebecca Kathleen Huskey, 2009 In order to examine fully the nature of human beings Paul Ricoeur crossed disciplinary boundaries in his work moving from phenomenology to social and political thought hermeneutics and ethics Running throughout Ricoeur's work particularly *Fallible Man* *Time and Narrative* *Oneself as Another* and his shorter pieces on hermeneutics ethics and religion is a theme of the human capacity for hope According to Ricoeur hope is a capacity of expectation oriented toward some future action which aims at a good for self and others The conditions for the possibility of hope are the unity and difference that exist within the self in transcendental practical and effective realms and the self's ability to narrate which is made possible by the self's existence within and understanding of time Our capacity for hope is

understood via the symbols of good and evil found in myths and sacred writings Furthermore hope is not limited to those who are religious atheists may be just as hopeful as the devout Exploring the nature of hope in Ricoeur s work allows for a greater understanding of hope and a greater ability to cultivate hope in oneself and others *Interpretation Theory* Paul Ricoeur,1976 The four essays that make up this volume are based upon and expand the lectures Ricoeur delivered at Texas Christian University 27 30 November 1973 as their Centennial Lectures They may be read as separate essays but they may also be read as step by step approximations of a solution to a single problem that of understanding language at the level of such productions as poems narratives and essays whether literary or philosophical In other words the central problem at stake in these four essays is that of works in particular that of language as a work [Paul Ricoeur Between Theology and Philosophy](#) Boyd Blundell,2010-05-25 Introduction Part I The main road Fundamental loyalties Theology hermeneutics and Ricoeur s double life Part II Detour Prefiguration the critical arc and descriptive identity Configuration the narrative arc and narrative identity Refiguration Ricoeur s little ethics Part III Return Chalcedonian hermeneutics Theological anthropology removing brackets Conclusion **Paul Ricoeur** Paul Ricoeur,Richard Kearney,1996-02-28 Paul Ricoeur s work is of seminal importance to the development of hermeneutics phenomenology and ideology critique in the human sciences This major volume assembles leading scholars to address and explain the significance of this extraordinary body of work Opening with three key essays from Ricoeur himself the book offers a fascinating tour of his work ranging across topics such as the hermeneutics of action narrative force the other and deconstruction while discussing his work in the context of such contemporary figures as including Heidegger Lacan Levinas Arendt and Gadamer Paul Ricoeur is also published as Volume 21 Issue 5 6 of *Philosophy and Social Criticism* *The Philosophy of Paul Ricoeur* Paul Ricoeur,1978 **Paul Ricoeur's Philosophical Anthropology as Hermeneutics of Liberation** Roger W.H. Savage,2020-11-09 This book offers a unique account of the role imagination plays in advancing the course of freedom s actualization It draws on Paul Ricoeur s philosophical anthropology of the capable human being as the staging ground for an extended inquiry into the challenges of making freedom a reality within the history of humankind This book locates the abilities we exercise as capable human beings at the heart of a sustained analysis and reflection on the place of the idea of justice in a hermeneutics for which every expectation regarding rights liberties and opportunities must be a hope for humanity as a whole The vision of a reconciled humanity that for Ricoeur figures in a philosophy of the will provides an initial touchstone for a hermeneutics of liberation rooted in a philosophical anthropology for which the path tique of human misery is its non or pre philosophical source By setting the idea of the humanity in each of us against the backdrop of the necessity of preserving the tension between the space of our experiences and the horizons of our expectations the book identifies the ethical and political dimensions of the idea of justice s federating force with the imperative of respect Paul Ricoeur s *Philosophical Anthropology as Hermeneutics of Liberation* will be of interest to scholars and advanced students working in hermeneutics phenomenology ethics political

theory and aesthetics *Memory, History, Forgetting* Paul Ricoeur, 2024-05-31 A noted philosopher examines the morality behind recognizing specific historical moments while leaving equally important ones unacknowledged Why do major historical events such as the Holocaust occupy the forefront of the collective consciousness while profound moments such as the Armenian genocide the McCarthy era and France's role in North Africa stand distantly behind Is it possible that history overly remembers some events at the expense of others A landmark work in philosophy Paul Ricoeur's *Memory History Forgetting* examines this reciprocal relationship between remembering and forgetting showing how it affects both the perception of historical experience and the production of historical narrative *Memory History Forgetting* like its title is divided into three major sections Ricoeur first takes a phenomenological approach to memory and mnemonical devices The underlying question here is how a memory of the present can be of something absent the past The second section addresses work by historians by reopening the question of the nature and truth of historical knowledge Ricoeur explores whether historians who can write a history of memory can truly break with all dependence on memory including memories that resist representation The third and final section is a profound meditation on the necessity of forgetting as a condition for the possibility of remembering and whether there can be something like happy forgetting in parallel to happy memory Throughout the book there are careful and close readings of the texts of Aristotle and Plato of Descartes and Kant and of Halbwachs and Pierre Nora A momentous achievement from one of the most significant philosophers of our age *Memory History Forgetting* furthers Ricoeur's reflections on ethics and the problems of responsibility and representation [The Philosophy of Paul Ricœur](#) Paul Ricœur, Charles E. Reagan, 1978 [Paul Ricoeur and the Lived Body](#) Roger W. H. Savage, 2020-05-27 *Paul Ricoeur and the Lived Body* extends the scope of Paul Ricoeur's reflections and analyses of the body as one's own through explorations into the ethical cultural and affective dimensions of our corporeal existence Starting with the fact that each of us has a place in the world by reason of our mode of incarnation as flesh the contributors to this volume address a range of diverse themes in which the lived body figures Edited by Roger W H Savage this book investigates the construction of narrative identities and the social assignment of gender and race the passions and an ethics of respect affect theory feeling the carnal imagination and the cultural and social milieu that comprises the conditions of our embodiment as subjects who have deeply held convictions and beliefs By acknowledging that the lived body is irreducible to an object in the world the essays in this volume have a common point our assurance in acting and suffering is rooted in the mode of our incarnate existence as fragile yet capable human beings

Thank you entirely much for downloading **On Paul Ricoeur**. Maybe you have knowledge that, people have look numerous times for their favorite books taking into account this On Paul Ricoeur, but end up in harmful downloads.

Rather than enjoying a good book afterward a mug of coffee in the afternoon, on the other hand they juggled in imitation of some harmful virus inside their computer. **On Paul Ricoeur** is open in our digital library an online entrance to it is set as public hence you can download it instantly. Our digital library saves in multiple countries, allowing you to acquire the most less latency epoch to download any of our books later than this one. Merely said, the On Paul Ricoeur is universally compatible behind any devices to read.
