

What Is Case?

Definition:

In English grammar, case refers to the relationship of a noun or pronoun to other words in a sentence, indicating its function—whether it's a subject, object, or showing possession. Pronouns change form based on their case:

Nominative (Subject) Case

I, he, she, we, they

– Used for the subject of the sentence. The subject is the one performing the action.

Examples:

She went to the store.
They are playing soccer.

Objective Case

me, him, her, us, them

– Used for the object of a verb or a preposition. The object is the receiver of the action.

Examples:

He saw *me* at the park.
I gave the book to *her*.

Possessive Case

my, his, her, our, their

– Shows ownership or possession.

Examples:

This is *John's* car.
That is *their* house.

On Case Grammar

John Mathieson Anderson

On Case Grammar:

Case Grammar Applied Walter A. Cook, 1998 An unusually clear simple guide for sentence analysis which lends itself well to displaying the way syntactic features are associated with semantic structures *On Case Grammar* John M. Anderson, 1977 *Case Grammar Theory* Walter A. Cook, 1989 By analyzing seven concrete models the author examines each in regard to its logical structure list of cases derivational system and use of covert case roles **On Case Grammar** J.M. Anderson, 1977 **On Case Grammar** John Mathieson Anderson, 1982 *Dependenz und Valenz/ Dependency and Valency* Vilmos Agel, Ludwig M. Eichinger, Hans Werner Eroms, Peter Hellwig, Hans Jurgen Heringer, Henning Lobin, 2003 Annotation The handbook provides an overview of the current status of this research In its first volume the handbook begins by presenting the historical background of the theories in which the conceptions are rooted and then goes on to deal with the individual elements Modern Grammars of Case John M. Anderson, 2006-06-22 This book addresses fundamental issues in linguistic theory including the relation between formal and cognitive approaches the autonomy of syntax the content of universal grammar and the value of generative and functional approaches to grammar It focuses on the grammar of case relations signalled by morphological case prepositions and word order Part I offers a critical history of modern grammars of case focussing on the last four decades and setting this in the context of earlier including ancient developments The subjects considered include the evolution of ideas concerning deep structure and semantic and grammatical relations and arguments for the maintenance of the traditional central position of case in the grammar In parts II and III Professor Anderson examines the category of case and central unresolved issues in the grammar of case The latter include questions relating to the idea of an ontologically based grammar particularly the degree to which syntactic categories and relationships are grounded in meaning and the notion of linguistic creativity This involves a consideration of the way in which cases may be identified and whether their distribution is determined through semantics The book sheds new light on the interactions between meaning and grammar and on the structure and development of lexical and grammatical systems The argument and its far reaching consequences will be of wide interest to linguists philosophers and others seeking to understand the workings of language

The Talking Heads experiment Luc Steels, 2015-05-11 The Talking Heads Experiment conducted in the years 1999-2001 was the first large scale experiment in which open populations of situated embodied agents created for the first time ever a new shared vocabulary by playing language games about real world scenes in front of them The agents could teleport to different physical sites in the world through the Internet Sites in Antwerp Brussels Paris Tokyo London Cambridge and several other locations were linked into the network Humans could interact with the robotic agents either on site or remotely through the Internet and thus influence the evolving ontologies and languages of the artificial agents The present book describes in detail the motivation the cognitive mechanisms used by the agents the various installations of the Talking Heads the experimental results that were obtained and the interaction with humans It also provides a perspective on what

happened in the field after these initial groundbreaking experiments The book is invaluable reading for anyone interested in the history of agent based models of language evolution and the future of Artificial Intelligence

Case, Semantic Roles, and Grammatical Relations Petra Campe,1994-07-01 This is the first of a series of 6 books dealing with case phenomena in different languages both Indo and non Indo European resulting from work by a team of 20 specialists at the University of Leuven It is the first time such a large scale investigation into case has been undertaken and a remarkable feature of the project is the use of computer corpora of authentic material This bibliography presents the many dimensions involved in research into case and case related phenomena This includes not only morphological case markers but also the crossconstituent semantic and grammatical relations expressed by morphological case or by its various counterparts morpho syntactic processes such as transitivity and passivization and pragmatic and textual considerations In addition the bibliography reflects the implications of case research for other disciplines such as foreign language teaching and artificial intelligence More than 6000 publications are listed An extensive Subject Index provides easy access to all the topics and major concepts covered A Language Index and a Guide to Languages Language Families conclude the book The other volumes in the series include The Dative 2 vols The Genitive The Nominative and Accusative and Non nuclear Cases

Concise History of the Language Sciences E.F.K. Koerner,R.E. Asher,2014-06-28 This book presents in a single volume a comprehensive history of the language sciences from ancient times through to the twentieth century While there has been a concentration on those traditions that have the greatest international relevance a particular effort has been made to go beyond traditional Eurocentric accounts and to cover a broad geographical spread For the twentieth century a section has been devoted to the various trends schools and theoretical framework developed in Europe North America and Australasia over the past seventy years There has also been a concentration on those approaches in linguistic theory which can be expected to have some direct relevance to work being done at the beginning of the twenty first century or those of which a knowledge is needed for the full understanding of the history of linguistic sciences through the last half of this century The last section of this book reviews the applications of some of these findings Based on the foundation provided by the award winning Encyclopedia of Language and Linguistics this volume provides an excellent focal point of reference for anyone interested in the history of the language sciences

Routledge Dictionary of Language and Linguistics Hadumod Bussmann,2006-02-20 The Routledge Dictionary of Language and Linguistics is a unique reference work for students and teachers of linguistics The highly regarded second edition of the Lexikon der Sprachwissenschaft by Hadumod Bussmann has been specifically adapted by a team of over thirty specialist linguists to form the most comprehensive and up to date work of its kind in the English language In over 2 500 entries the Dictionary provides an exhaustive survey of the key terminology and languages of more than 30 subdisciplines of linguistics With its term based approach and emphasis on clear analysis it complements perfectly Routledge s established range of reference material in the field of linguistics

Advances

in Artificial Intelligence and Security Xingming Sun,Xiaorui Zhang,Zhihua Xia,Elisa Bertino,2022-07-08 The 3 volume set CCIS 1586 CCIS 1587 and CCIS 1588 constitutes the refereed proceedings of the 8th International Conference on Artificial Intelligence and Security ICAIS 2022 which was held in Qinghai China in July 2022 The total of 115 full papers and 53 short papers presented in this 3 volume proceedings was carefully reviewed and selected from 1124 submissions The papers were organized in topical sections as follows Part I artificial intelligence Part II artificial intelligence big data cloud computing and security multimedia forensics Part III encryption and cybersecurity information hiding IoT security

Aspects of a pedagogical grammar based on case grammar and valence theory Stefan R. Fink,2011-05-02 Over the past few decades the book series Linguistische Arbeiten Linguistic Studies comprising over 500 volumes has made a significant contribution to the development of linguistic theory both in Germany and internationally The series will continue to deliver new impulses for research and maintain the central insight of linguistics that progress can only be made in acquiring new knowledge about human languages both synchronically and diachronically by closely combining empirical and theoretical analyses To this end we invite submission of high quality linguistic studies from all the central areas of general linguistics and the linguistics of individual languages which address topical questions discuss new data and advance the development of linguistic theory

Fillmore Case Grammar Samir Mazarweh,2010-12-07 Seminar paper from the year 2009 in the subject English Language and Literature Studies Linguistics grade 1 7 University of Heidelberg Anglistik course PS 1 Perspectives on Language language English abstract The world famous grammarian Charles J Fillmore is emeritus professor of linguistics at the University of California Berkeley First and foremost he became known for his works on semantics and syntax One of his well known works is The Case for Case published in the year 1968 in which he introduces the case grammar theory Fillmore himself modified this paper several times inter alia in a publication in the year 1971 and many other linguists since then have worked on his approach The case grammar has gone through many changes until today however this assignment concentrates on the original 1968 paper the basic work concerning the case grammar theory Below the main aspects of Fillmore s approach are introduced and explained

On Case Grammar Introduction

In today's digital age, the availability of On Case Grammar books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of On Case Grammar books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of On Case Grammar books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing On Case Grammar versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, On Case Grammar books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing On Case Grammar books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for On Case Grammar books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library.

lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, On Case Grammar books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of On Case Grammar books and manuals for download and embark on your journey of knowledge?

FAQs About On Case Grammar Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. On Case Grammar is one of the best book in our library for free trial. We provide copy of On Case Grammar in digital format, so the resources that you find are reliable. There are also many Ebooks of related with On Case Grammar. Where to download On Case Grammar online for free? Are you looking for On Case Grammar PDF? This is definitely going to save you time and cash in something you should think about.
