

# Metaphysics of God - Religious Language

## Including:

- Ayer's Verification Principle
- Hick and Eschatological Verification (and The Celestial City)
- The University Debate (Flew, Mitchell and Hare - and each of their parables)
- Wittgenstein's 'Language Games'
- How these relate to the possibility of religious language being meaningful/meaningless

# Metaphysics And Religious Language

**F. DILLEY**

## **Metaphysics And Religious Language:**

Metaphysics and Religious Language Frank Brown Dilley,1964 Makes use of major philosophical works to show their implications for understanding the nature of metaphysical thinking Dilley F. DILLEY,1990-04 **Religious Language, Meaning, and Use** Robert K. Bolger,Robert C. Coburn,2019-08-22 Can the meaning of religious language be separated from its use In Religious Language Meaning and Use Robert Bolger and Robert Coburn address what has become a contentious though often overlooked account of the relationship between religious belief and religious practice Through philosophical argumentation and by means of a variety of sermon like essays on religious topics this book seeks to return religion to the place in which the meaning and practical impact of its beliefs become inseparable from the life of the believer Part I begins by considering through the loose lens of Wittgenstein s philosophical method how religious language has been misunderstood leading straightway to a variety of challenges and conceptual confusions Part II presents previously unpublished essays written by Robert C Coburn who has for over 50 years been at the forefront of the study of metaphysics and philosophy of religion Making a compelling case for a religious practice that avoids trivializing religious belief this book promises to be a corrective to those who see faith as nothing more than ethics in disguise and to those metaphysicians who see faith as a set of beliefs **Religion Within the Limits of Language Alone** Felicity McCutcheon,2017-03-02 Religion Within the Limits of Language Alone provides a critical examination of the Wittgensteinian philosophers of religion who claim that the word God cannot be understood as referring to a metaphysical being who may or may not exist McCutcheon traces the arguments offered by these philosophers of religion back to Wittgenstein s own criticisms of speculative metaphysics arguing that in its religious usage the concept of God does not fall under Wittgenstein s anti metaphysical gaze In presenting a detailed account of Wittgenstein s own philosophical method including his criticisms of metaphysics McCutcheon shows that it is possible to accept Wittgenstein s criticisms of metaphysics whilst retaining the metaphysical content of religious language This book offers a fresh understanding of Wittgenstein s philosophical method and a new critique of religious discourse for those studying philosophy and religious studies *Theology without Metaphysics* Kevin W. Hector,2011-09-15 One of the central arguments of post metaphysical theology is that language is inherently metaphysical and consequently that it shoehorns objects into predetermined categories Because God is beyond such categories it follows that language cannot apply to God Drawing on recent work in theology and philosophy of language Kevin Hector develops an alternative account of language and its relation to God demonstrating that one need not choose between fitting God into a metaphysical framework on the one hand and keeping God at a distance from language on the other Hector thus elaborates a therapeutic response to metaphysics given the extent to which metaphysical presuppositions about language have become embedded in common sense he argues that metaphysics can be fully overcome only by defending an alternative account of language and its application to God so as to strip such presuppositions of their apparent self evidence and release us from their grip

**Religious Experience and the End of Metaphysics** Jeffrey Bloechl, 2003 Does religious thinking stand in opposition to postmodernity Does the existence of God present the ultimate challenge to metaphysics Strands of continental thought especially those running from Kant Husserl and Heidegger focus on individual consciousness as the horizon for all meaning and provide modern philosophy of religion with much of its present ferment In *Religious Experience and the End of Metaphysics* 11 influential continental philosophers share the conviction that religious thinking cannot afford to disengage from the challenges of modern European philosophy Together they provide a rich and intriguing set of answers to questions surrounding the meaning of religious experience Topics include subjectivity selfhood and rationality language community and ethics the influence of Jewish and eastern religions on religious experience God as phenomenology and religion in the postmodern age These lucid and arresting essays bring together many of the leading voices in the contemporary continental debate on God and religion

**Religion Within the Limits of Language Alone** Felicity McCutcheon, 2018-03-31 This title was first published in 2001 *Religion Within the Limits of Language Alone* provides a critical examination of the Wittgensteinian philosophers of religion who claim that the word God cannot be understood as referring to a metaphysical being who may or may not exist McCutcheon traces the arguments offered by these philosophers of religion back to Wittgenstein's own criticisms of speculative metaphysics arguing that in its religious usage the concept of God does not fall under Wittgenstein's anti metaphysical gaze In presenting a detailed account of Wittgenstein's own philosophical method including his criticisms of metaphysics McCutcheon shows that it is possible to accept Wittgenstein's criticisms of metaphysics whilst retaining the metaphysical content of religious language This book offers a fresh understanding of Wittgenstein's philosophical method and a new critique of religious discourse for those studying philosophy and religious studies

*Theology without Metaphysics* Kevin W. Hector, 2011-09-15 One of the central arguments of post metaphysical theology is that language is inherently metaphysical and consequently that it shoehorns objects into predetermined categories Because God is beyond such categories it follows that language cannot apply to God Drawing on recent work in theology and philosophy of language Kevin Hector develops an alternative account of language and its relation to God demonstrating that one need not choose between fitting God into a metaphysical framework on the one hand and keeping God at a distance from language on the other Hector thus elaborates a therapeutic response to metaphysics given the extent to which metaphysical presuppositions about language have become embedded in common sense he argues that metaphysics can be fully overcome only by defending an alternative account of language and its application to God so as to strip such presuppositions of their apparent self evidence and release us from their grip

*The Metaphysics of Religion* Michael S. Jones, 2006 Lucian Blaga was an early twentieth century European philosopher whose work was suppressed at the height of his career by the creation of the Romanian Socialist Republic Blaga's philosophical writings are rich and creative spanning metaphysics epistemology philosophy of science philosophical anthropology aesthetics philosophy of culture philosophy of

history and philosophy of religion Mircea Eliade wrote that Blaga was the most gifted and critical original thinker in the history of Romanian philosophy Because of historical circumstances Blaga's philosophy has not become known outside of his own country although within Romania it continues to be read and discussed Were it to become known outside of Romania Blaga's philosophy could provide interesting contributions to contemporary philosophical discussions The thesis of this book is that Blaga's philosophy can make valuable contributions to contemporary Anglo American philosophy In order to support this thesis Blaga's philosophical system is explained in detail so that the reader may see how it can be applied to a variety of philosophical issues philosophy of religion in order to demonstrate that it can contribute to contemporary Anglo American discussions Michael S Jones is Assistant Professor of Philosophy at Liberty University [Metaphysics as Mediating Dialogue](#) Olivia Blanchette,2023-07-07 Metaphysics is not often spoken of as a venue for dialogue about anything let alone culture or religion which are more readily associated with phenomenology or hermeneutics in contemporary thinking This collection of essays however by the late Boston College philosopher Oliva Blanchette maintains the absolute necessity of metaphysics as a prerequisite for examining any particular realm of being in all areas of human inquiry from the particular sciences to historical cultures and religions Blanchette proposes metaphysics as a fundamental and necessary level of intelligence presupposed in any exercise of judgment discourse or dialogue among rational beings At the same time he defends the idea that dialogue is the first and most fundamental form in which such reasoning takes place in human experience on a radically intersubjective level through language Metaphysics is not an abstraction removed from human experience Rather it is a science in its own right defining itself in relation to being as being its subject matter as it depends on all the particular sciences and bodies of knowledge Firmly standing on the ground of human experience and on the human person as primary analogate of being it opens up an entire realm of questioning that the particular sciences and bodies of knowledge operating in functional separation cannot pose on their own especially when they take in a reductionist fashion their own object to be the prime analogate Metaphysics in fact insinuates itself into each and every particular science in exploring its own subject matter of being as being in the analogical sense advancing to more and more complex stages of analogy through dialogue among different spirits and cultures and reaching its terminus in the transcendent aspect of spirit and religion In this sense metaphysics has much to say to theologians without metaphysics theology reduces to mere superstition **Borderlands of Theology** Donald Mackinnon,2024-01-01 In this reprinted edition of Borderlands of Theology Donald MacKinnon examines philosophical theological and ethical dilemmas bringing his theological expertise to bear alongside his scientific knowledge Formulating his estimations through the person of Jesus Christ he maintains a commitment to the concrete and the actual whilst resolutely believing in the search for truth as meaningful beyond a simple search for facts Working on the frontiers where Christian belief and theology are tested Mackinnon's work remains relevant today as a consideration of how Christian faith interacts with ethics philosophy politics the philosophy of history metaphysics and epistemology Mackinnon offers

wisdom guidance and a grounded exploration of theology for all those interested in the intersection between theology philosophy and ethics

**Religious Implications of Atheism** Konstantin Volkodav, 2020-12-19 This book is devoted to finding answers to the main existential questions of every human's life: who am I ontologically? do I have a higher purpose? These are the very eternal questions that make a human being human; the ability to ask them distinguishes a human from all other creatures in the universe. From time immemorial, people have argued about the criteria of truth about the meaning of human life and about the nature of things. Usually, this was expressed in disputes between religions. About two hundred years ago, atheism arose in Christian Europe and began to take part in these controversies. For two hundred years, there have already been thousands of disputes on the topic Religion and Atheism in which, as a rule, representatives of Christianity or Islam speak about religion. However, to analyze them abstractly in general would not be entirely correct. Therefore, here we will comment on one specific dispute by the example of which we will try to reveal the essence of all similar disputes. This is a debate between a representative of Atheism and a representative of Islam. In addition, we will comment on the basis of the Christian worldview. Thus, a triologue will be presented here: three points of view, and the discussed problems will be shown as if three dimensionally. This book formulates the Particular Principle of Causality, the Phenomenon of Creativity, which serves as a solid foundation for any kind of evidence of the existence of God. It's almost impossible to dispute. This principle is formulated for the first time in the book. The book also explores aspects of theodicy that have been a stumbling block for theologians throughout the centuries. In addition, many other important theological topics here are illuminated from unusual perspectives. Quite often, atheists oppose their concept to religions. This book intelligently explains that Atheism is a religion of unbelief.

**Blessed Rage for Order** David Tracy, 1996-03 In *Blessed Rage for Order*, David Tracy examines the cultural context in which theological pluralism emerged. Analyzing orthodox, liberal, neo-orthodox, and radical models of theology, Tracy formulates a new revisionist model. He considers which methods promise the most certain results for a revisionist theology and applies his model to the principal questions in contemporary theology, including the meanings of religion, theism, and of christology.

*Religious Books 1876-1982*, 1983     *Ian Ramsey and Frederick Ferré on Religious Language and Christian Metaphysics* Sylvia Ann Pruitt, 1965

Personal Religion and Spiritual Healing Alastair Lockhart, 2019-02-01 A unique historical study of the personal nature of religion, spirituality, and healing in the twentieth century, based on the letters of ordinary people from around the world. The Panacea Society was a small religious community of women that was established in England in the early twentieth century. They followed the early nineteenth-century mystic Joanna Southcott, as well as other emerging spiritual movements of the day, and developed a remarkable spiritual healing practice that spread around the world. Based on the thousands of letters held in the Society's healing archive, which were sent by ordinary people from around the world, Alastair Lockhart offers a detailed study of the religious ideas of religious seekers from the 1920s to the 1970s. Focusing on Great Britain, Finland, Jamaica, and the US, Lockhart provides unique insight into the personal nature of

spirituality in recent times and how ancient and modern spiritual strands were harnessed to the needs of late modern spiritual seekers This book addresses debates about the complexity and meaning of the rise or decline of religion in the twentieth century and the processes involved in the formation of popular nontraditional spiritualities It informs our understanding of global and transnational religions and recent forms of spiritual healing This is a comprehensive history of the Society from its origins to World War II and includes a chapter on the healing and is foundational for work in this field Jane Shaw author of *Octavia Daughter of God The Story of a Female Messiah and Her Followers* **Beyond Biblical Theology** Timo Eskola, 2013-10-02 Reading Heikki R is nen s hermeneutics in context Timo Eskola explores the development of Western New Testament interpretation Reclaiming a Wredean approach to the Scriptures R is nen focuses on tradition and interpretation He builds on Weberian sociology adopted through Peter Berger s theories and substitutes sacralized culturalism for biblical theology After examining fourteenth century Quran criticism and its impact on Reimarus Eskola discusses the genesis of the revised history of religion theory that R is nen developed when investigating the Quran s relationship to the Bible Sociology then becomes a link between standard historicism and poststructuralism as R is nen reinterprets Berger s sociology of knowledge R is nen s sacralized culturalism finally becomes the theory from which his magnum opus *The Rise of Christian Beliefs* has been written *The Emergence of Philosophy of Religion* James Daniel Collins, 1969 **The Religious Metaphysics of Simone Weil** Miklos Veto, 1994-09-08 Simone Weil is one of the major religious writers of the twentieth century Hers is a unique blend of spiritual experience social concern and philosophical theory She had marvelous command of the Western philosophical tradition yet she also had profound insights into Oriental philosophies Since its publication in France Veto s book has been considered by most scholars as the standard work on Simone Weil Now this important book is available in English It is the only available reconstruction of the entire philosophy of Simone Weil It operates out of the perspective of the spiritual concerns of her maturity yet it never fails to return to the issues and the positions of the early texts It carries out the reconstruction according to some major philosophical themes but gives its due share to the French thinkers social and political preoccupations as well The book is erudite yet simple written in a clear concise and yet often eloquent language **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects** University of California (System). Institute of Library Research, University of California, Berkeley, 1972

### Metaphysics And Religious Language Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Metaphysics And Religious Language free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Metaphysics And Religious Language free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Metaphysics And Religious Language free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Metaphysics And Religious Language. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users

should always be cautious and verify the legality of the source before downloading Metaphysics And Religious Language any PDF files. With these platforms, the world of PDF downloads is just a click away.

### FAQs About Metaphysics And Religious Language Books

1. Where can I buy Metaphysics And Religious Language books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Metaphysics And Religious Language book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Metaphysics And Religious Language books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
