## **Metaphysics A Guide And Anthology:**

**Metaphysics** Tim Crane, Katalin Farkas, 2006      **Metaphysics** Tim Crane, Katalin Farkas, 2004 A complete and self-contained introduction to metaphysics this anthology provides an extensive and varied collection of fifty-four of the best classical and contemporary readings on the subject The readings are organized into ten sections God idealism and realism being universals and particulars necessity and contingency causation space and time identity mind and body and freewill and determinism It features a substantial general introduction and detailed section introductions that set the selections in context and guide readers through them Discussion questions and detailed guides to further reading are also included      *The Bloomsbury Companion to Metaphysics* Neil A. Manson, Robert W. Barnard, 2014-12-18 Bridging the gap between the familiar figures of the history of philosophy and the technical approaches favoured by contemporary philosophers The Bloomsbury Companion to Metaphysics introduces the key ideas and debates needed to understand analytic metaphysics Presenting an effective syllabus for an introductory course in contemporary metaphysics this companion brings together a team of leading metaphysicians It begins with a comprehensive introduction to methodological problems and methods before tackling the perennial metaphysical questions surrounding core topics such as Modality Universals and Abstract Objects Naturalism and Physicalism Mind Free Will God      The Philosophical Correspondence of David Armstrong and David Lewis , 2025-07-31 This volume contains the complete correspondence of two of the leading analytic philosophers of the late twentieth century David Armstrong and David Lewis Comprising some 345 letters including letters to and from third parties this correspondence is at once a deep philosophical resource shedding new light on the philosophical development of two of the great late twentieth century philosophers and a record of the development of a philosophical friendship The letters are valuable not only for the light they shed on the background to many of Armstrong's and Lewis' major publications but also for what they show us about the practice of philosophy The correspondence is a window into both the philosophical content of two leading thinkers' minds and an exemplar of how philosophy of the highest level can be done      OCR Philosophy of Religion for AS and A2 Jill Oliphant, Matthew Taylor, 2015-07-16 Structured directly around the specification of the OCR this is the definitive textbook for students of Advanced Subsidiary or Advanced Level courses The updated third edition covers all the necessary topics for Philosophy of Religion in an enjoyable student-friendly fashion Each chapter includes a list of key issues OCR specification checklist explanations of key terminology overviews of key scholars and theories self-test review and exam practice questions To maximise students' chances of success the book contains a section dedicated to answering examination questions It comes complete with diagrams and tables lively illustrations a comprehensive glossary and full bibliography Additional resources are available via the companion website at [www.routledge.com/cw/mayled](http://www.routledge.com/cw/mayled)      **Philosophy of Mind** Jaegwon Kim, 2018-04-19 This book explores a range of issues in the philosophy of mind with the mind-body problem as the main focus It serves as a stimulus to the reader to engage with the problems of the mind and try to come to terms with them and

examines Descartes's mind-body dualism     *The Philosopher's Index*, 2008 Vols for 1969 include a section of abstracts

**Reshaping Reason** John McCumber, 2005-01-28 In *Reshaping Reason* John McCumber advocates new life for American philosophy. At present McCumber believes American philosophy is ready to go in new directions but American philosophers remain hopelessly divided between analytic or Continental approaches. There seems to be no middle ground and the debate between the two traditions has created indifference to the field both in wider intellectual culture and among philosophers themselves. Here McCumber brings together aspects of analytic and Continental philosophy to give for the first time a fully temporalized account of reason. He proposes an expanded set of rational tools for reason and with these tools takes a fresh look at key issues in ontology, ethics, and social philosophy. This is a gutsy and ambitious book that not only shows philosophy's achievements and failures in cold light but suggests how philosophy might become more rigorous and relevant to society at large.
