Philosopher Cat:

The Philosopher Cat Kwong Kuen Shan, 2004 Kwong Kuen Shan has gathered together 40 illustrations of the animal many people hold dear to their hearts accompanied by 40 Chinese proverbs or sayings

Feline Philosophy John Gray, 2020-11-24 The author of *Straw Dogs* famous for his provocative critiques of scientific hubris and the delusions of progress and humanism turns his attention to cats and what they reveal about humans torturous relationship to the world and to themselves The history of philosophy has been a predictably tragic or comical succession of palliatives for human disquiet Thinkers from Spinoza to Berdyaev have pursued the perennial questions of how to be happy how to be good how to be loved and how to live in a world of change and loss But perhaps we can learn more from cats the animal that has most captured our imagination than from the great thinkers of the world In *Feline Philosophy* the philosopher John Gray discovers in cats a way of living that is unburdened by anxiety and self consciousness showing how they embody answers to the big questions of love and attachment mortality morality and the Self Montaigne's house cat whose unexamined life may have been the one worth living Meo the Vietnam War survivor with an unshakable capacity for fearless joy and Colette's Saha the feline heroine of her subversive short story *The Cat* a parable about the pitfalls of human jealousy Exploring the nature of cats and what we can learn from it Gray offers a profound thought provoking meditation on the follies of human exceptionalism and our fundamentally vulnerable and lonely condition He charts a path toward a life without illusions and delusions revealing how we can endure both crisis and transformation and adapt to a changed scene as cats have always done

The Wisdom of Yo Meow Ma Joanna Sandmark, 2005 Is it real Of course not But through this wonderfully fanciful and humorous premise the wisdom of cats and modern humankind meet Full of lessons and allegorical tales *The Wisdom of Yo Meow Ma* is written as if an ancient cat sage were teaching future generations of kittens yet the messages for their human counterparts are clear On the surface there are dozens of wicked little winks bogus footnotes pseudoscientific facts and cat oriented messages But at heart it is an uplifting spiritual guide for living a better life solving the problems of modern society and skirting the moral quagmires that can pull people down
