

# Pro And Con Hitler

**David Baud**

## **Pro And Con Hitler:**

**Nazi Ideology and Ethics** Wolfgang Bialas, Lothar Fritze, 2014-03-26 This volume documents the still rare encounter of moral philosophical historiographic and medical ethical research on National Socialism and looks at the ethical aspects of the National Socialist ideology as well as at the moral convictions of National Socialist perpetrators some of whom acted as perpetrators with a good conscience It furthermore discusses questions such as the content and rationale of Nazi race ethics the euthanasia killings and the Nazi ethics of racial warfare and the role of the SS as the vanguard of the National Socialist race state the moral conditioning of Nazi perpetrators and their self exoneration strategies after the defeat of Nazism and German Holocaust memory politics Due to the broad range of topics covered and methodologies discussed this book will interest academic readers of various disciplines of the humanities including German history Holocaust studies Jewish studies philosophy and medical ethics It will also appeal to the common public interested in Nazi ideology and ethics and their implications for current ethical issues and challenges such as the consequences of moral indifference as well as the debate on euthanasia and mercy killing

**Mussolini and Hitler** Christian Goeschel, 2018-09-25 This fresh treatment of Fascist Italy and Nazi Germany reveals how the close relationship between Mussolini and Hitler influenced both men From 1934 until 1944 Mussolini met Hitler numerous times and the two developed a relationship that deeply affected both countries While Germany is generally regarded as the senior power Christian Goeschel demonstrates just how much history has underrepresented Mussolini s influence on his German ally A scholar of twentieth century Germany and Italy Goeschel revisits all of Mussolini and Hitler s key meetings to examine how they constructed a powerful image of a strong Fascist Nazi relationship that still resonates with the general public His portrait of Mussolini draws on sources ranging beyond political history to reveal a leader who at times shaped Hitler s decisions and was not the gullible buffoon he s often portrayed as The first comprehensive study of the Mussolini Hitler relationship this book is a must read for scholars and anyone interested in the history of European fascism World War II or political leadership

**Hitler's Words** Adolf Hitler, American Council on Public Affairs, 1944

**Inside Hitler's High Command** Geoffrey P. Megargee, 2000 Challenging previous accounts Megargee shatters the myth that German generals would have prevailed in World War II if only Hitler had not meddled in their affairs Instead he observes that the military s strategic ideas were no better than Hitler s and often were worse 20 photos

**Hitler's Secret Weapon** Alexander G. Hardy, 1968

**Hitler's Japanese Confidant** Carl Boyd, 1993 In 1940 the US Army Signal Intelligence Service broke the Japanese diplomatic code In 1975 Oshima Hiroshi Japan s ambassador to Berlin during World War II died never knowing that the hundreds of messages he transmitted to Tokyo had been fully decoded by the Americans and whisked off to Washington providing a major source of information for the Allies on Nazi activities

**Hitler's Police Battalions** Edward B. Westermann, 2005 When the German Wehrmacht swarmed across Eastern Europe an elite corps followed close at its heels Along with the SS and Gestapo the Ordnungspolizei or Uniformed Police played a

central role in Nazi genocide that until now has been generally neglected by historians of the war Beginning with the invasion of Poland the Uniformed Police were charged with following the army to curb resistance pacify the countryside patrol Jewish ghettos and generally maintain order in the conquered territories Edward Westermann examines how this force emerged as a primary instrument of annihilation responsible for the murder of hundreds of thousands of the Third Reich's political and racial enemies In *Hitler's Police Battalions* he reveals how the institutional mindset of these ordinary policemen allowed them to commit atrocities without a second thought To uncover the story of how the German national police were fashioned into a corps of political soldiers Westermann reveals initiatives pursued before the war by Heinrich Himmler and Kurt Daluege to create a culture within the existing police forces that fostered anti-Semitism and anti-Communism as institutional norms Challenging prevailing interpretations of German culture Westermann draws on extensive archival research including the testimony of former policemen to illuminate this transformation and the callous organizational culture that emerged Purged of dissidents indoctrinated to idolize Hitler and trained in military combat these police battalions often numbering several hundred men repeatedly conducted actions against Jews Slavs gypsies asocials and other groups on their own initiative even when they had the choice not to In addition to documenting these atrocities Westermann examines cooperation between the Ordnungspolizei and the SS and Gestapo and the close relationship between police and Wehrmacht in the conduct of the anti-partisan campaign of annihilation Throughout Westermann stresses the importance of ideological indoctrination and organizational initiatives within specific groups It was the organizational culture of the Uniformed Police he maintains and not German culture in general that led these men to commit genocide *Hitler's Police Battalions* provides the most complete and comprehensive study to date of this neglected branch of Himmler's SS and Police empire and adds a new dimension to our understanding of the Holocaust and the war on the Eastern front *News Bulletin of the Foreign Policy Association*, 1930 [Lives of Hitler's Jewish Soldiers](#) Bryan Mark Rigg, 2009 They were foot soldiers and officers They served in the regular army and the Waffen SS And remarkably they were also Jewish at least as defined by Hitler's infamous race laws Pursuing the thread he first unraveled in *Hitler's Jewish Soldiers* Bryan Rigg takes a closer look at the experiences of Wehrmacht soldiers who were classified as Jewish In this long-awaited companion volume he presents interviews with twenty-one of these men whose stories are both fascinating and disturbing As many as 150,000 Jews and partial Jews or Mischlinge served often with distinction in the German military during World War II The men interviewed for this volume portray a wide range of experiences some came from military families some had been raised Christian revealing in vivid detail how they fought for a government that robbed them of their rights and sent their relatives to extermination camps Yet most continued to serve since resistance would have cost them their lives and they mistakenly hoped that by their service they could protect themselves and their families The interviews recount the nature and extent of their dilemma the divided loyalties under which many toiled during the Nazi years and afterward and their sobering reflections on religion and the

Holocaust including what they knew about it at the time Rigg relates each individual's experiences following the establishment of Hitler's race laws shifting between vivid scenes of combat and the increasingly threatening situation on the home front for these men and their family members Their stories reveal the constant tension in their lives how some tried to hide their identities and how a few were even Aryanized as part of Hitler's effort to retain reliable soldiers including Field Marshal Erhard Milch three star general Helmut Wilberg and naval commander Bernhard Rogge Chilling compelling almost beyond belief these stories depict crises of conscience under the most stressful circumstances Lives of Hitler's Jewish Soldiers deepens our understanding of the complex intersection of Nazi race laws and German military service both before and during World War II Germany Under Hitler Mildred Salz Wertheimer,1935 *Prevent World War III.* ,1950

**Memory and Power in Post-War Europe** Jan-Werner Müller,2002-08-29 How has memory collective and individual influenced European politics after the Second World War and after 1989 in particular How has the past been used in domestic struggles for power and how have historical lessons been applied in foreign policy While there is now a burgeoning field of social and cultural memory studies mostly focused on commemorations and monuments this volume is the first to examine the connection between memory and politics directly It investigates how memory is officially recast personally reworked and often violently re-instilled after wars and above all the ways memory shapes present power constellations The chapters combine theoretical innovation in their approach to the study of memory with deeply historical empirically based case studies of major European countries The volume concludes with reflections on the ethics of memory and the politics of truth justice and forgetting after 1945 and 1989 The New York Times Index ,1923 Britain's Reaction to Hitler's Ascendancy, 1933 William David Scott,1963 **The Speeches of Adolf Hitler, April 1922-August 1939** Adolf Hitler,1942

*Diario de Centro América* ,1944 **Vital Speeches of the Day** ,1941 **Der Fuehrer: Hitler's Rise to Power** Konrad Heiden,1968 **Adolf Hitler** David Nicholls,2000-10-26 This illustrated A to Z biographical companion presents easily accessible information to Adolf Hitler's life including his most important collaborators and opponents his domestic and foreign policies his use of propaganda and his racial persecution Nelson's Perpetual Loose-leaf Encyclopaedia John Huston Finley,1909
