Parenting Experts Jane Rankin,2005-10-30 Most parents lack the time training and other resources needed to consult the extensive research on parenting that has been produced by scientific study Instead many rely on advice from a few well known authorities cited in popular books newspaper columns and other media Dr Rankin takes a critical look at the advice of five of these experts Benjamin Spock T Berry Brazelton James Dobson Penelope Leach and John Rosemond then compares it with the findings of hundreds of empirical studies on children and parents The focus is on major parenting problems including persistent infant crying toilet training early day care discipline adolescent sexuality education substance abuse and the influence of television and other electronic media A final chapter summarizes the accuracy of each expert s advice compared with research findings points out the common ground between experts and summarizes their major strategies and

biases In some cases a substantial gap exists between expert advice and scientific research findings Parents as well as medical educational and social service professionals and students will find this book not only helpful but illuminating Rankin's meticulous analysis points out areas of agreement and dispute between some of the most quoted parenting experts in the field and perhaps even more revealing areas where their widely quoted pronouncements deviate from research and clinical evidence *African American Children, Youth, and Parenting* Reginald Lanier Jones,1999 A Parent's Guide to 4th Grade Ricki Winegardner,2001 During your initial read of this resource you may find that some of the key points are not yet relevant to your child Imagine if you will reading the owner's manual to your car Initially you may peruse the manual finding that not all of the features or instructions are immediately helpful but as you drive the car for a period of time you may find yourself referring to the manual to find important information Use this book in the same manner Read initially to gain a baseline understanding of what to expect this year then pickup the book throughout the year when you are faced with new questions or difficulties By the end of the fourth grade you may have a book with dog eared pages highlighted passages and favorite nuggets of information Parenting Without Punishment John W.
