**The Social Mission of the U.S. Catholic Church** Charles E. Curran, 2010-12-16 How does the Church function in the world What is it called to do and what does it actually do Charles E Curran explores the social mission of the U S Catholic Church from a theological perspective analyzing and assessing four aspects the importance of social mission who carries it out how it is carried out and the roles that the Church and individual Catholics play in supporting these efforts

In the early and mid twentieth century the Catholic Church in the United States tended to focus its social mission on its own charities hospitals and schools But the Second Vatican Council called the Church to a new understanding of social mission deepening its involvement in and commitment to civic social and political life in the United States and abroad Curran devotes particular attention to three issues that have reflected the Church s strong sense of social mission since that time abortion war and peace and labor The Social Mission of the U S Catholic Church describes the proper role of bishops institutions and movements in the Church but insists that the primary role belongs to all the baptized members of the Church as they live out the social mission in their daily lives

**The Sense of Mission in Russian Foreign Policy** Alicja Curanović,2021-03-04 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia s mission in Tsarist times that the sense of mission matters more for Russia s elites than for Russia s masses and that Russia s special mission is emphasised more when there are questions about the regime s legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy

violence against women the role of firearms and drugs in crime drug courts and forensic DNA analysis It has helped build the crime and justice research infrastructure It has also widely disseminated the results of its research programs to help guide practice and policy But its efforts have been severely hampered by a lack of independence authority and discretionary resources to carry out its mission
