## Michael Hamburger:

**Michael Hamburger Reader** Michael Hamburger, 2014 *The Take-over* Michael Hamburger, 2000 The setting is a capital city after a coup The protagonist a writer is forbidden to write and instead is appointed court fool answerable to secret service officers and the Director of the state who devises for the writer a public function so inappropriate and bizarre that it drives him to the ultimate act of defiance *The Truth of Poetry* Michael Hamburger, 2022-02-10 First published in 1982 The Truth of Poetry attempts to answer a seemingly simple question What kind of truth does poetry offer in modern times Michael Hamburger's answer to this question ranges over the last century of European and American poetry and the result is a phenomenology of modern poetry rather than a history of appreciations of individual poets Stressing the tensions and conflicts in and behind the work of every major poet of the period he considers the many different possibilities open to poets since Baudelaire This expansive work of analysis will be of interest to students of English literature poetry enthusiasts and literary historians *Poems; Tr. by Michael Hamburger* Hans Magnus Enzensberger, 1966 **Texts** Helmut Heissenbüttel, Michael Hamburger, 1977 **Roots in the Air** Michael Hamburger, 1991 A collection of poems that are engaged with both the natural and human world **Poems ... Translated by Michael Hamburger. [With a Critical Introduction by the Translator.] Ger. & Eng** Johann Christian Friedrich HOELDERLIN, Michael Hamburger, 1943 *German-speaking Exiles in Great Britain* J. M. Ritchie, 2001 No detailed description available for German speaking Exiles in Great Britain **Selected Poems** Peter Huchel, 1974 *Glowing Enigmas* Nelly Sachs, Michael Hamburger, 2013 Nelly Sachs book length poem *Glowing Enigmas* is widely regarded as the Nobel Laureate's finest poetic achievement and one of the essential poetic works of postwar Europe This definitive edition is the first in English to showcase the poem in its entirety Michael Hamburger's incomparable translation captures the deep sadness lyrical mystery and transcendent opacity at the heart of Sachs haunting masterpiece **Late Style and its Discontents** Gordon McMullan, Sam Smiles, 2016-10-06 Late style is a critical term routinely deployed to characterise the work of selected authors composers and creative artists as they enter their last phase of production often but not only in old age Taken at face value this terminology merely points to a chronological division in the artist's oeuvre late being the antonym of early or the third term in the triad early middle late However almost from its inception the idea of late style or late work has been freighted with aesthetic associations and expectations that promote it as a special episode in the artist's creative life Late style is often characterised as the imaginative response made by exceptional talents to the imminence of their death In their confrontation with death creative artists critics claim produce work that is by turns a determination to continue while strength remains a summation of their life's work and a radical vision of the essence of their craft And because this creative phenomenon is understood as primarily an existential response to a common fate so late style is understood as something that transcends the particularities of place time and medium Critics seeking to understand late work regularly invoke the examples of Titian Goethe and Beethoven as

exemplars of what constitutes late work proposing that something unites the late style of authors composers and creative artists who otherwise would not be bracketed together and that lateness per se is a special order of creative work The essays in this collection resist this position Ranging across literature the visual arts music and scientific work the material assembled here looks closely at the material biographical and other contexts in which the work was produced and seeks both to question the assumptions surrounding late style and to prompt a more critical understanding of the last works of writers artists and composers
