Beyond Live/Work Frances Holliss,2015-02-11 Beyond Live Work the architecture of home based work explores the old but neglected building type that combines dwelling and workplace the workhome It traces a previously untold architectural history illustrated by images of largely forgotten buildings Despite having existed for hundreds if not thousands of years in every country across the globe this dual use building type has long gone unnoticed This book analyses the lives and premises of 90 contemporary UK and US home based workers from across the social spectrum and in diverse occupations It generates a series of typologies and design considerations for the workhome that will be useful for design professionals students policy makers and home based workers themselves In the context of a globalising economy more women in work than ever before and enabling new technologies the home based workforce is growing rapidly Demonstrating how this can be a socially economically and environmentally sustainable working practice this book presents the workhome as the house of the future

Estate Regeneration Brendan Kilpatrick,Manisha Patel,2020-08-20 One hundred years ago the Addison Act created the circumstances for the large scale construction of municipal housing in the UK This would lead to the most prolific phases of housing estate building the country has ever seen The legacy of this historic period has been tackled for the last twenty five years as these estates began to suffer from misguided allocation policies systemic building and fabric failure and financial austerity A series of estate regeneration programmes sought to rectify the mistakes of the past Estate Regeneration describes 24 of these regeneration schemes from across the UK and the design philosophy and resident engagement which formed each new community A number of essays from a wide range of industry experts amplify the learning experience from some key estate regeneration initiatives and provide observations on the broader issues of this sector of the housing market Regeneration is inevitable it is a matter of the form which regeneration should take The information presented here is a guide to an intuitive approach to estate regeneration which commences with the derivation of strong urban design principles and is guided by real community engagement The experience presented seeks to learn from the mistakes of the past to create the best possible platform for regeneration of the housing estates of the future *Mews Style* Sebastian
