

An illustration of the human respiratory system. The trachea is shown in the center, colored in a light blue with a ribbed texture. It branches into two main bronchi, which are also light blue. These bronchi further divide into a complex network of smaller bronchioles, shown in a darker blue. The lungs are depicted in a reddish-pink color, with the branching network of bronchioles visible on their surface. The entire illustration is set against a dark blue background with a subtle, repeating pattern of the same respiratory system components.
