

Understanding peace processes

1 **Peace, no armed conflict**
Peace, based on democracy and respect for human rights, prevails. Conflicts exist on different levels and are resolved without resorting to violence or repression.

2 **Tensions**
Tangible tensions manifest in violent clashes or state repression. At all societal levels, people increasingly resort to violence to resolve conflicts or disputes.

3 **Armed conflict without peace intent**
Violent conflict has broken out. The parties to the conflict have no intentions to resolve the conflict without violence but focus on military victory.

6 **Peace negotiations**
Formal peace negotiations (based on specific agendas) are taking place. Humanitarian or ceasefire agreements may be reached to create trust between the negotiating parties.

5 **Beginning talks**
Preparations are underway for official peace negotiations. The circumstances and conditions for these to be held are being negotiated.

4 **Armed conflict with peace intent**
Despite the ongoing armed conflict, the parties show willingness to negotiate, and a critical mass of the population is actively calling for a non-violent solution to the conflict.

7 **Peace agreement**
Successful peace negotiations conclude with a formal agreement, comprehensive or partial, signed by the parties to the conflict. Sub-groups might continue violent action.

8 **Implementation of a peace agreement**
The short- to medium-term implementation of an agreement focuses on disarmament, demobilisation and reintegration, establishes new structures and addresses truth-finding.

9 **Post-conflict reconciliation**
The long-term quest for structural transformation allows for truth, transitional justice, reconciliation, reparation, finding missing persons and guarantees of non-recidivism.
