Mama, I See You Mirette Abraham, 2022-02-17 This book is for all the mothers out there who are trying hard to leave their mark in this world We strive to set the perfect footprint in the sand wishing the waves will never wash it away But what we need to start doing is making this life become a seal of love on the hearts of everyone we meet and allowing our choices and experiences to hum a melody of gratitude to our Maker Motherhood comes with seemingly unbearable struggles but God allows flowers to blossom from their wreckage

Living Your Legacy Now! Bill Blalock, 2021-04-29 The purpose of Living Your Legacy Now is to bring out the best in every person that reads it and help them apply the life lessons contained in it Its audience is multi generational Countless books have been written about human behavior leadership success positive life balance and spirituality This is a different kind of book in its content format and purpose The reader will not be overwhelmed with long chapters of text and commentary but instead exposed to brief life lessons some only one page in length that are designed for the reader to think through the topic at hand and make needed changes in his or her life Many lessons serve to validate that the reader is on course with their intended life purpose So Living Your Legacy Now is not complex but easy to understand It will educate and inspire the reader to live a successful healthy and fulfilling life It will definitely bring out the best in yourself

The Living Organization Norman S Wolfe, 2011-10-11 The pressure on CEOs and other leaders to create results while balancing an increasing diversity of opposing demands is reaching oppressive levels Leaders sense a breakdown to our existing approaches to business The framework that was used to guide their efforts and create successful outcomes no longer produce the same results The Living Organization delivers a new model that transforms the best of what worked before and expands it to deliver new life and growth for organizations First and foremost The Living Organization deepens our understanding of how any living organization creates the results it desires Norman Wolfe draws on decades of experience both leading and consulting with organizations large and small to unravel the mystery of creating results Based on scientific philosophical and spiritual truths The Living Organization model explores how three distinct yet highly interdependent fields of energy influence and determine what results will and will not be created Beyond just a new theory Norman Wolfe provides practical tools for aligning and focusing the organization on strategy execution Building on decades of learning about organization effectiveness and execution management The Living Organization expands our frameworks for allocating resources and making decisions that will reap the desired results Most organizations fail because they focus only on activities and reduce organizations to simple machines of production But machines are by their very nature soulless and everything the machine paradigm touches turns soulless and lifeless By contrast The Living Organization brings life to an organization s activity It is energized by relationships and brings meaning and purpose to activities The Living Organization is a creative force and is in harmony with its environment growing and developing as it contributes to and enhances all members of its ecosystem Like all living systems organizations create by transforming energy The magic of companies like
