People In The Country:

Other People's Country Timothy Neale, Stephen Turner, 2018-02-02 Other People's Country thinks through the entangled objects of law legislation policies institutions treaties and so on that govern waters and that make bodies of water lawful within settler colonial sites today Informed by the theoretical interventions of cosmopolitics and political ecology each opening up new approaches to questions of politics and the political the chapters in this book locate these insights within material settler colonial places rather than abstract structures of domination A claim to water whether by Indigenous peoples or settlers is not simply a claim to a resource It is a claim to knowledge and to the constitution of place and therefore in the terms of Isabelle Stengers to the continued constitution of the past present and future of real worlds Including contributions from the fields of anthropology cultural studies cultural geography critical legal studies and settler colonial studies this collection not only engages with issues of law water and entitlement in different national contexts including Australia Aotearoa New Zealand New Caledonia and the USA but also from diverse disciplinary and institutional contexts This book was originally published as a special issue of *Settler Colonial Studies*

In the "Stranger People's" country Charles Egbert Craddock, 2025-04-24 In *In the Stranger People's Country* Charles Egbert Craddock delves into the complexities of life in the Appalachian region capturing the essence of its distinctive character and cultural richness Through evocative prose Craddock intricately weaves tales that explore themes of isolation belonging and the interplay of nature and human experience The narrative style is marked by vivid descriptions and regional dialect reflecting a profound understanding of the local populace while simultaneously offering a poignant critique of societal norms and misunderstandings inherent in the interactions between the stranger people and the locals This work stands as a homage to the intricacies of rural life typifying the literary realism emerging in the late 19th century Charles Egbert Craddock the pen name of Mary Noailles Murfree was a pioneering figure in Appalachian literature Her upbringing in a Tennessee mountain community profoundly influenced her narrative voice and thematic choices as she sought to illuminate the often overlooked lives of the region's inhabitants Craddock's commitment to authentic representation of culture and geography propelled her to challenge existing stereotypes while fostering a greater appreciation for her subjects A gem for both scholars and casual readers *In the Stranger People's Country* is an essential read for anyone seeking a nuanced exploration of Appalachian life and a deeper understanding of the human condition Craddock's insightful observations and rich storytelling invite readers to engage with a world that is at once foreign and intimately familiar
