People Patterns Stephen Montgomery, 2002 A modern guide to the four temperaments re written updated and expanded from the original 2002 edition *The Deck of Life* Richard J. Ferrara Sr. MD, 2008-03-26 Inspiration for The Deck of Life emerged from the author's clinical observations of patients in his practice of dermatology and internal medicine He became increasingly aware of the connection between the genetic code as it relates to body build temperament and disease predisposition It was further observed that these factors were influenced by the patient's belief system as it relates to personal characteristics behavior and reactions to life's situations This book explores this unique relationship and our inherent ability to alter these features It confirms the truth that there is a choice and an unlimited capacity to live a stress free life with peace happiness and longevity The reader is guided to discover their dominant and sub dominant temperament A better understanding of ourselves enables us to play a winning hand with the cards we are dealt in life Consequently we make decisions more wisely in the areas of health career choice choosing a mate child rearing and the day to day communications and enjoyment of the people in our lives
