Burma from the coast of France to the islands of Yugoslavia The Commandos were disbanded in 1945 46 but reformed in the 1970s and in 1982 about 1000 army Commandos set sail to fight in the Falklands War The long and proud history of the army contains accounts of many fine and distinguished units but few can equal and none exceed the story of the British Army Commandos

Decoding a Royal Marine Commando Mark A. Burchell,2018 With a heritage dating back to the mid seventeenth century the Royal Marines have accrued a rich history of rituals artefacts and material culture that is consciously deployed in order to define and shape the institution both historically and going forward into an uncertain future Drawing upon this heritage Mark Burchell offers a unique method of understanding how the Royal Marines draw upon this material culture in order to help transform ordinary labour power to political agency comprising acts of controlled and sustained violence He demonstrates how a barrage of objects and items including uniforms weapons landscapes architecture personal kit drills rituals and iconography are deployed in order successfully to integrate the recruits into the Royal Marines culture It is argued that this material culture is a vital tool with which to imprint the military s own image on new recruits as they embark on a process of de individualisation
