emphasis on the early careers of these traders how they broke into the business and their early challenges and experiences The selection of traders will include both well recognized names who managed billions in assets and completely unknown traders with exceptional track records It is anticipated that the book will include a section on Commodities Corp one of the earliest proprietary trading firms that hired or allocated to some of the world s best traders and interview or narrative chapters on some of their star traders It is also possible the book will contain a section on the origin stories of deceased traders The precise contents and structure of the book is still evolving at this early stage in the writing process
