**Trade, Traders and Trading in Rural Java** Jennifer Alexander, 1987 In small towns throughout Java thousands of traders gather twice each week for a few hours of frenetic buying and selling This important phenomenon of the Javanese rural economy is here examined from various perspectives as a material exchange of commodities a social system of traders credit suppliers and other market participants and a structured flow of information that can be analyzed through recent anthropological and economic theories Market Trade in Rural Java Glen Chandler, 1984 *Trade, Traders and Trading in Rural Java* Jennifer Alexander, 1987 In small towns throughout Java thousands of traders gather twice each week for a few hours of frenetic buying and selling This important phenomenon of the Javanese rural economy is here examined from various perspectives as a material exchange of commodities a social system of traders credit suppliers and other market participants and a structured flow of information that can be analyzed through recent anthropological and economic theories

*Accounting for Services* Daan Marks, 2009 The most intriguing question about Indonesia s economic development during the twentieth century is why the country s growth performance has been so erratic and displayed such a high degree of discontinuity This is connected with the fundamental question about the nature of long run economic development in Indonesia So far the economic historiography of Indonesia has been less systematic than what the available source material would permit Indonesia is exceptionally well endowed with rich statistical sources which carry the potential of supporting a rigorous and systematic quantitative approach to vital questions concerning the economic growth performance in the long run This book takes such an approach and presents new estimates for the long run growth of the Indonesian service sector and analyses the role of the various service sectors in economic development Linking empirical and theoretical analysis in a creative fashion Daan Marks provides a rich and original contribution to our understanding of the economic history of Indonesia He shows that the service sector has played a crucial role in Indonesia s economic development Or in other words to fully understand Indonesia s economic development path services need to be accounted for **Historical Dictionary of Indonesia** Audrey Kahin, 2015-10-29 A wide flung archipelago lying between the Pacific and Indian Oceans Indonesia is the world s most populous Islamic country For over two thousand years it was a crossroads on the major trading route between China and India but it was not brought together into a single entity until the Dutch extended their rule throughout the Netherlands East Indies in the early part of the 20th century Declaring its independence from the Dutch in 1945 the Republic of Indonesia was ruled by only two regimes over the next half century Throughout the years the country has continued to be dogged by an inefficient bureaucracy and by perpetual problems of corruption However since 2004 Indonesia has successfully carried out four direct elections for president together with an equal number of elections for legislative bodies at all levels of government and has finally in 2014 elected a president with no ties to either the military or to the previous authoritarian power structure This third edition of Historical Dictionary of Indonesia contains a chronology an introductory

essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Indonesia

**The End of the Peasantry in Southeast Asia** R.E. Elson,2016-01-13 This book analyses the changing context and conditions of production and livelihood amongst Southeast Asia s peasants since the beginning of the nineteenth century It argues that with demographic growth and the nineteenth century development of great global markets based on small scale production the size and economic significance of peasantries throughout the region was magnified However such changes brought with them new forces stronger states more regular legal systems a revolution in communications intensive commercialisation which themselves worked to undermine the foundations of peasant society and eventually to transform peasants into farmers workers and citizens

**The Moral Economy of Trade** Hans-Dieter Evers,Heiko Schrader,2026-04-01 The Moral Economy of Trade 1994 investigates the agents of trade during the process of transformation from an indigenous rural subsistence economy into a cash crop producing market economy and a more or less integrated market system in Southeast Asia Drawing on earlier anthropological and sociological studies of trade and markets in tribal and peasant societies it makes use of a new perspective on traders and their relation to society By looking at this situation from the viewpoint of the individual trader or group of traders it explores their action strategies and the dilemma they face on the one hand fulfilling a moral obligation to share proceeds with kinsfolk and neighbours and on the other realizing profits and accumulating trading capital

*Javanese Markets Revisited* Glen Chandler,1990
