internationally weakness Opportunities and threats include the fact that Japan is one of the top vehicle manufacturers in the world opportunity and competition threat It was decided by the Carbondale Consulting Crew that Arlington Plating Company s mode of entry would be licensing due to the fact that contractual agreements are normally the most successful modes for business to business industries Projected profits were hypothesized as well in our analysis Finally a plan for promotion product price and physical distribution was implemented *Japan Marketing Handbook* ,1988 **Class and Industrial Marketing** ,1929 *Business Japan* ,1972 **Cracking the Japanese Market** United States.
