Maria Tiefertalher:

Maria Tiefertalher Muriel Cerf,1984 Maria Tiefertalher Muriel Cerf,1982 The Feminist Encyclopedia of French Literature Eva M. Sartori,1999-07-30 The earliest known literary productions by women living in Europe were probably written by French writers As early as the 12th century women troubadours in the south of France were writing poems French women continued writing through the ages their number increasing as education became more available to women of all classes And yet of the great number of works by women writers who preceded the current feminist movement very few have survived A few writers such as Marie de France George Sand and Simone de Beauvoir became part of the canon But critics mostly male had judged the works of only a few women writers worthy of recognition As part of the feminist move to reclaim women writers and to rethink literary history scholars in French literature began to take a new look at women writers who had been popular during their lifetimes but who had not been admitted into the canon This reference book provides extensive information about French women writers and the world in which they lived Included are several hundred alphabetically arranged entries for authors literary genres such as the novel poetry and the short story literary movements such as classicism realism and surrealism life cycle events particular to women such as menstruation and menopause events and institutions which affected women differently than men such as revolutions wars and laws on marriage divorce and education The volume spans French literature from the Middle Ages to the present and covers those writers who lived and worked mainly in France The entries are written by expert contributors and each includes bibliographical information The entries focus on each writer s awareness of how her gender shaped her outlook and opportunities on how categorizations structures and terms used to describe literary works have been defined for women and the ways in which women writers have responded to these definitions The volume begins with a feminist history of French literature and concludes with a selected general bibliography and a chronology of women writers *An Encyclopedia of Continental Women Writers* Katharina M. Wilson,1991 First Published in 1991 Routledge is an imprint of Taylor Francis an informa company *Documentation Sur la Recherche Féministe* ,1983 **Fiction in French - Fiction in Soviet** British Library,2013-02-07 No detailed description available for Fiction in French Fiction in Soviet **Daughters of Sarah** Eva Martin Sartori,Madeleine Cottenet-Hage,2006 Translated into English This book doesn t just fill a niche it opens up a new perspective on the relations among Jewishness gender and modernity in Europe It will certainly spark new and creative thinking by anyone wise or lucky enough to dip into its contents The writings are made all the more valuable by an excellent introduction that provides a context for the history of Jews and women in France as well as the position of women with the Jewish tradition *The French Review* James Frederick Mason,Hélène Harvitt,1983 Leiden in Der Literatur Gudrun Grabher,1994 *French Fiction Revisited* Leon Samuel Roudiez,1991 The most interesting French fiction since World War II is also the most revolutionary exploring new narrative techniques and incorporating challenging new ideas in aesthetics politics psychoanalysis gender linguistics and

philosophy This fiction looks strange and forbidding to American readers however which makes Roudiez s overview of postwar French fiction a welcome guide In a revised and updated version of his French Fiction Today Roudiez includes chapters on an important precursor Raymond Roussel and on thirteen of the most significant innovators in French fiction A concluding chapter discusses younger writers like Muriel Cerf and Patrick Grainville who are carrying on this revolutionary activity and an extensive bibliography includes all English translations of their work As the Virginia Quarterly Review said of the first edition This is a masterful analysis which should serve handily as a thoroughly reliable guide and reference tool for many years to come **The Writers Directory** ,2013 Review of Contemporary Fiction ,1989 *Wendelstein* ,1893
